Cuticura

SNOW STORM.

Massachusetts the Scene of Its Greatest Fury.

The State Buried to the Depth of two Feet.

Traffic Crippled in Hudson River Territory.

A Blizzard Prevails in Michigan, Wisconsin and Indiana--No Fatalities Reported.

NEW YORK, Feb. 1.—New York city is today under snow to an average depth of five inches. The temperature at 8 a. m. was 20 degrees above zero, but the weather forecaster said that a cold wave would strike the metropolis tonight which would send the temperature down 15 or 20 degress. More than 500 shovelers were working to remove the snow in the boroughs of Manhattan and the Bronx alone. Local traffic preserved its normal conditions, and both surface and elevated roads were running as usual. With the exception of the lines running to New England, the railroads were not suffering inconvenience. The New York, New Haven and Hartford reported trains from two to three hours late. Boston was entirely cut off from telephone and telegraph communication.

HUDSON, N. Y., Feb. 1.—A snow storm has prevailed in this section for the past thirty-six hours. Railroad traffic is delayed, the electric street railway system has suspended operations and work on the Hudson river ice field has been abandoned.

ALBANY, N. Y., Feb. 1.—The storm which started here late yesterday afternoon still continues. There is now three and a half feet of snow on the level and over public roads and the drifts are ten and twelve feet high. The trains on all the railroads are from a half hour to two hours late. The snow is still falling.

SARATOGA, N. Y., Feb. 1.—The snow storm continued today. Two feet of snow has fallen since last evening. Railroad operations are somewhat impeded.

MALONE, N. Y., Feb. 1.—About eighteen inches of snow has fallen in this section during the last twelve hours and snow plows have been kept running all night on the Ogdensburg and Lake Champlain and New York Central railroads. Trains are all delayed. The storm is still raging.

THE BAY STATE.

Worst Blizzard of the Decade Prevailed Last Night.

WORCESTER, Mass., Feb. 1.—Not since the memorable blizzard of March 12, 1888, has this section been so completely snow bound. Business this morning was practically suspended and the streets in most ports of the city were impassable. There is probably an average of two feet of snow on a level, but the high winds made huge drifts ten or fifteen feet high. Railroad service is at a standstill and there is at this hour no communication of any sort with Boston. None of the telegraph or telephone companies have a wire working and it is not known when a mail train can get through. The electric street railways are tied up. There are reports of wrecked trains which have not yet been verified. It is considered probable that the storm was more severe east of here and it will be late in the day before there is any communication with Boston.

TRI-STATE BLIZZARD.

Indiana, Michigan and Wisconsin in the Grasp of a Storm.

CHICAGO, Feb. 1.—Reports from various towns in Michigan, northern Wisconsin and northern Indiana tell of a severe blizzard raging in that section of the country. The wind is blowing a gale and huge snow drifts are being piled in the highways. All the trains are more or less delayed and in some towns street railway traffic has been entirely suspended. The report from Marquette, Mich., states that the storm on the lake is fearful, and that waves are breaking completely over Picnic Rocks, something they have not done in years.

SWETT RESIGNS.

Leaves the Indian Schools to Engage in Business.

LAWRENCE, Kas., Feb. 1.—Supt. J. A. Swett, of Haskell institute, the Indian industrial school located here, has sent his resignation to the department at Washington. Mr. Swett resigns the place to engage in business with his brother in Michigan, and will leave as soon as he is relieved here. For the last five years Mr. Swett has been superintendent of Haskell, having been promoted from assistant superintendent. The successor of Mr. Swett will be appointed under civil service rules, and it is generally believed that H. B. Peters, formerly assistant superintendent and at present Indian school supervisor, will be selected for the position.

EASTERN AFFAIRS.

Germany Demands Further Concessions in China.

PEKIN, Feb. 1.—Germany has de-

peninsula, as compensation for the assassination of Sailor Schulz, who was murdered by a Chinese mob while on sentry duty.

LONDON, Feb. 1.—According to a special dispatch from Shanghai, the critical point of the Chinese loan negotiation was Great Britian's insistence that the British should always remain at the head of the Yang-Tse-Kiang valley customs and assume their full administration in case of default. The dispatch adds that several thousand Russian troops, which have been guarding the Trans-Siberian railroad, have entered Manchuria with the consent of the Pekin authorities.

MAY INTERFERE.

Government Advised to Restrict Klondike Travel.

No Placer Mines Found Within the Past Eight Months and No Work Nor Provisions There.

WASHINGTON, Feb. 1.—The war department is in receipt of dispatches from Captain Ray, now investigating the condition of gold seekers in Alaska. The following is the substance: The latest, bearing date of November 2 and 3, recommend that the United States government take steps to effectually check immigration to the interior of Alaska of all persons not fully supplied to last two years, and gives as a reason no way to earn a living and that no placer discoveries have been made within the last eight months, either in Alaska or the northwest territory. There is no employment for any large number of people in any capacity. All values are speculative. There is no fixed standard for labor. There is not now or likely to be within twelve months adequate or efficient means of supplying the people now of Alaska or the northwest territory. Seven per cent. of all the people who have entered during the past year have not earned their living and hundreds are now scattered along the river destitute of food, clothing and money. People coming in have not the faintest conception what to do to earn a living, and after spending their money, they become dazed and helpless. There will undoubtedly be a great rush next year and any step that will prevent people from coming in their ignorance, will be an act of charity. In view of recent developments and the knowledge that the lawless are banding together along the river for the purpose of robbery, it issuggested that the government place on the river small light draft steamers, with high power, armed and used to patrol the river, and the placing of detachments as the movement of people demands.

BOUGHT THE SALVAGE.

A Chicago Grain Dealer Makes a Good Trade.

ST. LOUIS, Mo., Feb. 1.—E. P. Mueller, a Chicago grain dealer, has bought the salvage of 1,163,558 bushels stored in the Union elevator which burned one week ago. He is said to have paid not less than $100,000 for the entire salvage, subject to the elevator charges. Experts who have examined the salvage declare that not less than 65 per cent. of the grain can be taken from the elevator ruins in fairly good condition.

OFF FOR KLONDIKE.

A Party of New Englanders Who Want Gold.

SEATTLE, Wash., Feb. 1.—A party of thirty-four from Stamford, Conn., have arrived here and have purchased the schooner Moonlight, on which they will sail next Thursday for the mouth of the Copper river. They have with them a snow sled with a twenty-horse power engine. The sled weighs about seven tons and is propelled by a stern wheel fitted with spikes to catch in the ice, with paddles for snow.

LIVES LOST.

An English Steamer Wrecked at Guernsey.

PLYMOUTH, Feb. 1.—The Channel Queen has been wrecked off the Island of Guernsey. Out of sixty-five persons on board the vessel, only twenty-one succeeded in reaching shore in safety.

Reindeer for the Klondike.

NEW YORK, Feb. 1.—The Thingvalla line steamer Hekla, which arrived today from Copenhagen, Christiana, Christians and Shields, brought thirty-five reindeer for the Klondike. The original shipment was forty-two animals, of which seven died on the passage.

MANUFACTOR'S SAMPLE LINE--THE BELL

Bought the sample line of gloves and mitts of the Fort Wayne Glove factory at 50c on the dollar.

Regular 50c gloves and mitts at 23c.

Regular 70c gloves and mitts at 39c.

Regular 85c gloves and mitts at 42c.

Regular $1.00 gloves and mitts at 48c.

FATAL FIRE.

Five Lives Lost By the Burning of a Hotel.

Three of the Unfortunates Were Hoosiers.

E. F. Kimball, Wife and Daughter in the List.

Were Residents of Indianapolis and Well Known--Miss Kimball Was to Be Married Soon.

GLOVERSVILLE, N. Y., Feb. 1.—The Alvord house, a five story brick structure, the largest hotel in the city, is burning, and will be a total loss. The fire was discovered at 7 o'clock this morning. Every room was occupied, and five lives were lost. The list is at follows:

Henry C. Day, of Gloversville.

Bell Boy Rupert.

E. C. Kimball, wife and daughter, of Indianapolis.

The loss to the property will reach $100,000.

INDIANAPOLIS, Ind., Feb. 1.—E. F. Kimball, of this city, who, with his wife and daughter, is reported to have lost his life in a burning hotel at Gloversville, N. Y., was well known in local business circles. He was a member of the Columbia club and the New England society. Mrs. Kimball and daughter were expected at their home in the "Blacherne" in a few days. Both were identified with the charity work here and it is understood that Miss Kimball was engaged to marry a young man in the northern part of Indiana. Mr. Kimball was a traveling agent for a glove concern at Gloversville.

NATIONAL GOSSIP.

A Senator Squares Himself With His Constituency.

Mr. Clark, of Wyoming, Will Not Be Driven Out of the Republican Party --House Proceedings.

WASHINGTON, Feb. 1.—Rev. Hugh Johnston, pastor of the Metropolitan M. E. church, Washington, delivered the invocation at the opening of the senate's session today.

Mr. Clark, republican, of Wyoming, presented, as a question of personal privilege, a dispatch from his state published in eastern newspapers to the effect that Henry G. Hay, chairman of the Laramie county republican committee, had resigned because of the votes cast by the Wyoming senators for the Teller resolution. Mr. Clark said that so much had been said concerning the votes of Wyoming's senators, and as to the significance of those votes, that he deemed it wise to make a statement. He expressed surprise that the motives and designs of those voting for the resolution should have been impugned. He said that the attempt made to commit the republican party to a line of policy never laid down and never contemplated by that party, and the further effort to read out of the party those republicans who voted for the resolution would fail. As for himself he declined most emphatically to be read out of the republican party and was satisfied that the masses of that party would never convict him of political heresy on account of his vote. Mr. Clark thought that the democrats ought, in view of their record, to have supported the Nelson amendment providing that gold and silver coins should be maintained at a parity. He thought that the vote he had cast was no stain on his political party honor and his vote for the Nelson amendment was cast as a protest against silver monometallism. He felt that his vote was in line with the republican policy outlined at St. Louis. He was earnestly in favor of international bimetallism and was as earnest as any man in the chamber in his efforts to maintain the national honor. He felt that to the republican party might be entrusted the duty to solve the financial question. That solution would not be on the line of gold monometallism nor on the line of silver monometallism, but on that of bimetallism — international or otherwise. Sooner perhaps than many expect, bimetallism would be a reality and the time would be here when gold and silver would be received on equal terms at the mints and every dollar of the government would be maintained at an equal value and use with every other dollar. That, Mr. Clark concluded, was one of the missions of the republican party and it would be performed with honesty and fidelity.

The resolution of Mr. Pettigrew, of South Dakota, declaring it to be the policy of the United States not to acquire territory to defend which a navy will be required, went over until tomorrow at the request of the author.

Mr. Morgan's resolution, presented yesterday, calling upon the president for correspondence and information relating to the arbitration of the British seizure claims, adopted.

motion of Mr. Davis, chairman of the foreign relations committee, went into executive session.

IN THE HOUSE.

A Bill to Put a Revenue Cutter on the Yukon.

WASHINGTON, Feb. 1.—The military academy appropriation bill was reported to the house today. The anti-civil service reformers won a slight victory when Mr. Perkins, republican, of Iowa, presented a resolution for printing the hearings before the civil service committee. Mr. Grosvenor antagonized the resolution. He said the hearings had taken an exparte turn, and he desired to submit some facts in refutation of certain statements before the hearings were printed. Mr. Perkins, however, refused to withdraw the resolution until the house, by a vote of 55 to 90, had refused the previous question. He then yielded.

A bill was passed authorizing the secretary of the treasury to build or purchase a suitable vessel for revenue cutter service on the Yukon river, to cost not exceeding $40,000.

A resolution was adopted, which requested the secretary of war to submit to the house the report of C. McD. Townsend, of the corps of engineers, dated December 13, 1897, concerning certain proposed improvments of St. Joseph and Benton Harbors, Michigan.

The senate resolution for the relief of ex-Senator Call, of Florida, was adopted.

At 12:30 the house went into a committee of the whole and resumed consideration of the District of Columbia appropriation bill, which was begun on Saturday.

IN THE COURTS.

The Hearing of Dr. Rauch's Case Continued.

Brown Damage Suit Goes to the Jury--Sheriff Melching Returns--The Court News.

The hearing of the case against Dr. A. J. Rauch, charged with a criminal operation, was called in Justice France's court today, but on motion of the prosecution was continued until next Saturday, owing to the fact that Emma Manet, the prosecuting witness was too sick to appear in court. The defense insisted on an immediate hearing.

SHERIFF MELCHING RETURNS.

Sheriff Al. Melching returned from Michigan City bringing with him Mathias Funk, who is now in jail awaiting a new trial. Sheriff Melching saw several former Fort Wayne citizens who are spending their days in the prison, among them Claud Smith, who is doing quite well in the cooper shop, and Charles Glessner, who has a soft thing as attendant in charge of the bath rooms.

GOES TO JURY.

This afternoon Judge Heller delivered his instructions to the jury in the Brown damage suit against the city and the twelve men retired to make up their verdict.

THE JURIES FOR FEBRUARY.

The following citizens have been drawn for service as grand jurors for the February term: Henry G. Doctor, Adams township; Morgan Harrod, Madison; Harlan Saylor, Perry; William H. Kelsey, Aboite; James Nuttle, Milan; Frank Lamont, Jefferson.

Following is the petit jury for the circuit court, February term: John G. Felger, Marion township; Henry Berning, St. Joseph; Gottlieb Schauper, sr., Adams; John Maloney, Eel River; Christian Gebert, St. Joseph; Benjamin McIntosh, Madison; John Greim, city; James Woods, Pleasant; Henry Scheppelmann, Maumee; William Brindle, Lafayette; John J. Mungen, city; John Rapp, Lake.

OTHER COURT NEWS.

The attachment suit of Jennie A. Trentman vs. Thomas H. Groves has been settled and dismissed from the superior court. The same plaintiff has begun a suit against the same defendant for $324 damages.

In the superior court Marvel Woodruff has been given judgment in foreclosure proceedings against Margaret Rothgeb, et al., for $2,261.

REAR END COLLISION.

A Snow Plow Dashes Into a Caboose at Bay City.

BAY CITY, Mich., Feb. 1. — A Detroit and Mackinac snow plow loaded with men, ran into a caboose in the yards at North Bay City this morning. Four men, Sylvester Loeffler, Morris Elster, James Ruel and Edward Cook, all of East Tawas, were jammed into the wreck. All were badly hurt. Ruel may die.

HE WAS DESPONDENT.

A Former Minister to Brazil Kills Himself.

SANTA ROSA, Cal., Feb. 1.—Thomas L. Thompson, ex-United States minister to Brazil, committed suicide here this morning by cutting his throat. Despondency is supposed to have been the cause.

Mr. and Mrs. Littlejohn, of 19 Poplar street, yesterday celebrated the twenty-fifth anniversary of their marriage. They were the recipients of a number of presents, among

A JUDGE GONE.

Death Beckons to C. A. O. McClellan.

Succumbs to Injuries Received By a Fall.

The End Came as a Shocking Surprise to Friends.

Thus Passes Away an Ex-Congressman, a Jurist, a Banker and a Noble, Generous Man.

AUBURN, Ind., Feb. 1.—This community was shocked this morning to learn of the death of Hon. Charles A. O. McClellan, former congressman from the Twelfth district, jurist, banker and business man and the most distinguished citizen of Auburn.

Death came to Judge McClellan a few minutes before midnight. He had been in ill health for some months, the consequence of a fall he received last autumn, but lately he had appeared to be much improved and his family and friends were hopeful of his recovery. Last night he was suddenly taken worse and his son, Charles, was summoned, reaching the bedside as the end came.

HON. CHARLES A. O. M'CLELLAN.

A DISTINGUISHED CAREER.

Judge McClellan's sturdy, conservative character came from a parentage well calculated to bestow such qualities. His mother was of German descent and his father of Scotch-Irish extraction. They were residing at Ashland, Ohio, when Charles A. O. McClellan was born, May 25, 1835. The father was a mechanic and engaged in that pursuit until near the close of his life. In his youth Judge McClellan was apprenticed to the trade of his father, but was given such advantages of education as could be afforded him. He contrived to learn penmanship, becoming so expert that he was able to teach it, which he did in winters for two years. In 1856 Judge McClellan came to Auburn, where he had an uncle, at that time auditor of DeKalb county. He was appointed deputy auditor, serving in that capacity four years, in the meantime prosecuting the study of law.

Judge McClellan was married in the fall of 1859 to Elizabeth A. Long, daughter of Samuel D. Long, one of the pioneers of DeKalb county. To this union three children were born: Jennie L., now wife of Don A. Garwood, of Danville, Ill.; Della, now wife of Dr. E. L. Siver, of Fort Wayne, and Charles, of this place.

After holding various public positions of more or less importance Judge McClellan was in 1862 admitted to the bar to practice law, forming the next year a partnership with Judge James I. Best, of Waterloo. In 1872 he was appointed judge of the fortieth judicial circuit of Indiana. He was a man of high public spirit and his activities were numerous and of immense good to his community. He was a stockholder and director in the Fort Wayne, Jackson and Saginaw railway, was one of the projectors and builders of the Star flouring mills in Waterloo, afterwards destroyed by fire, and established the DeKalb county bank in Waterloo in 1883 and in 1885 became president of the First National bank at Auburn. In 1880 Judge McClellan moved with his family to Ann Arbor, Mich., to remain while his children finished their education.

POLITICAL HONORS.

On the 9th day of August, 1888, at Kendallville, Ind., he was nominated on the fourteenth ballot, by the democratic party, as its candidate for congress in the Twelfth congressional district. The Hon. R. C. Bell, P. S. O'Rourke, M. V. B. Spencer, of Allen county; C. K. Green, of Noble, and William F. McNagny, of Whitley, were candidates in the convention. Judge McClellan was successful at the election by a plurality of 1,311 votes over the Hon. J. B. White, the republican candidate.

Judge McClellan was unanimously renominated for a second term and [illegible] congress, this being the largest plurality ever given in the district.

In congress Judge McClellan attracted attention at once as a watchful, conservative and hard-working member. During his second term he introduced a bill for a graduated income tax and made a speech in support of his measure that was and is yet regarded as one of the strongest presentations of the question that has ever been made in congress. He was given prominent places on committees and was chairman of the committee on expenditures in the navy department.

Judge McClellan was prominent in the circles of masonry and had served as eminent commander of Apollo commandery of Kendallville. He was a mason of the thirty-second degree and a noble of the Mystic Shrine.

JUDGE M'CLELLAN'S FUNERAL.

The funeral of the late Judge McClellan will take place in Auburn Friday afternoon, at 1 o'clock. His friends from this city will be enabled to attend and can leave here on the Lake Shore road shortly before noon and return at 4 o'clock. No details of the obsequies have yet been received in this city.

BROKE HER LEG.

Sad Results of a Fall to Miss Louise Rosa.

SAVANNAH, Ga., Feb. 1.—Miss Louise Rosa, a member of "A Milk White Flag" company and sister of Patti Rosa, fell into a furnace chute in the Savannah theatre last night, breaking her leg. She fell six feet. The fall will lay her up for quite awhile.

A RAILWAY DEAL.

Three Chicago Freight Lines United in One.

The Stock Yards Company Advance a Step in the Absorption of Competitive Lines.

CHICAGO, Feb. 1.—A consolidation under one management has been affected by three of the Chicago transit freight lines, under the title of The Chicago Junction Railway company. The new system unifies lines that have heretofore been competitive. It is practically an extension of the facilities of the Union Stock Yards and Transit company, which is the nucculus of the consolidated system. The consolidation places the company in better competitive condition with the Western Indiana and Calumet terminal. The consolidation is a step farther in the recent absorption of the Chicago, Hammond and Western by the Stock Yards company, the third addition being the Chicago and Indiana State Line railway. John A. Spoor is president of the consolidated line.

CARRIERS WIN.

Court Decides in Favor of Charles Langston.

The Suit Has an Important Bearing Upon Others to Follow--Thousands of Dollars Involved.

NEW ORLEANS, Feb. 1.—Judge Swaine, of the United States circuit court of appeals of the fifth circuit, today decided the letter carrier case involving the question of pay for overtime due to Charles Langston, a letter carrier of Anniston, Ala. The opinion of the lower court was modified but the main issue, in favor of the carriers, was confirmed. Judge Swaine eliminated the judgment for compensation for the half hour "swings," in which the letter carriers were not actually employed at work about the postoffice. The whole amount of the case involved was less than $100, but the decision has an important bearing upon others depending upon it, amounting to many thousands of dollars.

VESEY IS THE MAN.

Unanimously Chosen District Chairman.

For Once the Republicans Have Harmony.

Only One Name Presented to the Convention.

Mr. Vesey Returns Thanks for the Honor--Hon. R. S. Taylor and Others Talk to the Delegates.

The eighth wonder of the world has finally been uncovered.

The republicans of the Twelfth congressional district held a harmonious convention.

The truth stated, however, it was hardly necessary to hold the convention, as the affair had all been cut and dried hours before the delegates were called to order, and the program was carried out to the letter.

Immediately on calling the convention to order Sol A. Wood asked for nominations for permanent chairman and the honor went to Hon. J. W. Baker, of Columbia City, who had been previously agreed upon. The bosses killed two birds with one stone in this action. They partially rewarded him for the work he has done for the party in the past and hit Postmaster Williamson, of Columbia City, quite a blow on the solar plexus. And Mr. Baker enjoyed it, too, never allowing an opportunity to pass to force upon the mind of Mr. Williamson that he was running the convention.

J. S. Conlogue, of the Kendallville Sun, was unanimously chosen to act as secretary.

Nominations for district chairman were then called for and to the surprise of the delegates, but not to the bosses, Attorney J. B. Harper arose in the seat alloted to Robert B. Hanna and placed the name of W. J. Vesey before the convention as the unanimous choice of Allen county for district chairman. Bob was there, but it wouldn't be unanimous if he had a vote so he was induced to hand his proxy to Mr. Harper.

The countenances of the delegates from the outside counties were a study. First they were dazed, then amazed and finally happy in the knowledge that Allen county was presenting a candidate who was the unanimous choice of the delegation.

The visitors began to recover one at a time and finally L. W. Welker, of Albion, arose and seconded Mr. Vesey's nomination, explaining that he was the unanimous choice of his county for the place. Then Hon. E. G. Meiendy, of Steuben, realized the truth and he, too, seconded the nomination. One after another, Hon. William Knisely, of Whitley; Amos Walters, of this city; Hon. F. D. Merritt, of Lagrange, and Sol A. Wood, of Angola, said pretty things about Mr. Vesey until he blushed like a maiden. Mr. Wood moved to make the nomination unanimous and this, of course, was done.

Mr. Vesey was called from his hiding place behind Bob Hanna, who had never escaped his watchful eye, and apologized to the convention for blushing, asserting that he couldn't help it owing to the encomiums that had been heaped upon him. He thanked the convention, and asked not only for their support, but for the advice during the progress of the campaign of each and every republican in the district. And he'll get it, too.

Senator Gilbert and Hon. F. D. Merritt made the old stereotyped speeches, while Editor Lane went down street and hurried along Hon. R. S. Taylor, who was on the program for a speech, but never anticipated any such thing as harmony in the convention. Mr. Taylor was applauded when he entered and immediately commenced his speech.

Major Wilson and Colonel Higgins were there, but their work had been done before the convention and they kept quiet.

ETUE'S CRIME.

Killed Emma Schumacher and Robbed Her Store.

KANSAS CITY, Mo., Feb. 1.—Chas. D. Etue has been arrested on suspicion of being implicated in the murder of Miss Emma Schumacher, who was shot and killed by one of two men, who robbed her store one night last December. Etue is the son of A. D. Etue, formerly publisher of local stock

Schuh, in a quarrel over a woman. His father, who was well to do, spent his fortune fighting the case, which ended in acquittal.

DEATH'S DOINGS.

Demise of Mrs. J. M. Kane at St. Joseph Hospital.

She Passes Away After Years of Suffering--Funeral of the Late Thomas Mannix--Funerals.

Last evening at 8 o'lock at St. Joseph hospital occurred the death of Mrs. P. H. Kane, after suffering several years with cancer. All that medical skill could do was done to prolong the life of the suffering lady. Only last October she went to a private sanitarium in Chicago, in the hopes that she might be benefitted, but grew worse and returned to Fort Wayne about one month ago, since which time she has been at the hospital. Her decline has been rapid since then, and death was daily expected.

Mrs. Amelia Kane was born in Fort Wayne in 1849, and spent the most of her life in this city. She was a daughter of Dr. Brooks, who during his life was a well known physician. Mrs. Kane was twice married, her first husband being Thomas J. Jefferds.

She had been the wife of Mr. Kane about twenty-two years. Mrs. Kane had two children, Irma Jefferds, who died several years ago, and Alfred Kane, who is living. Mrs. H. G. Olds is a sister of the deceased. She was a devout member of the Cathedral congregation. The funeral will take place from the Cathedral at 11:30 o'clock tomorrow morning. The pall bearers will be Charles McCulloch, T. B. Hedekin, Wm. P. Breen, Chas. F. Muhler, C. R. Higgins, Clint Walton.

OTHER DEATHS.

Rinehardt Huebner was taken to Hope hospital in delirium. The hospital surgeons found a growth at the base of the brain. This growth was removed and the patient regained his reason. Yesterday afternoon, however, he began to sink and in a short time died. The remains were removed to his home, at 32 Lillie street. He leaves a wife, but no children. The funeral will be held at 2 o'clock Thursday afternoon from St. Paul's Lutheran church.

Mrs. Ida Kasten, wife of Louis C. Kasten, the cigarmaker, died at her home, at No. 52 East Williams street, yesterday afternoon, after an illness of several months. She was thirty-six years of age and leaves three daughters. The cause of death was lung trouble. The deceased was the niece of Mrs. Ida Breckeisen, who died Sunday.

The funeral will occur Wednesday afternoon from the residence, Rev. Wagenhals officiating.

MRS. KLOPFENSTEIN.

Mrs. Rebecca Klopfenstein died at 1:55 this morning at the residence of her daughter, Mrs. J. H. Payne, No. 337 East Wayne street. She had long been a sufferer from asthma and came to the city from the farm near Leo six months ago to take treatment. Pneumonia, however, was the immediate cause of death. She was born November 3, 1822, in Wayne county, Ohio, and married Sebastian Schlatter in 1843. Mr. and Mrs. Schlatter moved to Allen county in 1850, and located on a farm near Leo. Mr. Schlatter died in 1872, and in 1877 the widow married Mr. Klopfenstein, who lives on the farm. Ten children were born to Mr. and Mrs. Schlatter, seven of whom are living, as follows: Mrs. Mary Yaggy, of Harlan; C. C. Schlatter, Fort Wayne; Mrs. Carrie Longacre, Mrs. J. H. Payne, Kittie Schlatter, David D. Schlatter, of Cucamonga, Cala.; and N. W. Schlatter, of Indianapolis. The funeral will occur Thursday, at 1 o'clock, from the Ammish church near Leo. The cortege will leave Fort Wayne at 8 o'clock a. m.

HANNAH J. M'DONOUGH.

Mrs. Hannah J. McDonaugh, aged sixty-two years, seven months, died of pneumonia at her home, 250 West Creighton avenue, this morning. The body will be shipped to Monroeville Thursday.

THOMAS MANNIX'S FUNERAL.

The funeral of the late Thomas Mannix will be held tomorrow at 10 o'clock from the Cathedral. Mr. Mannix was a member of Division No. 1, A. O. H., and St. Julian council, C. B. L., and in the latter society he carried $2,000 life insurance. St. Julian council, of which society Mr. Mannix has been a member since its organization, met at Library hall last night and made arrangements to attend the funeral. The Hibernians also arranged to attend the funeral and will meet at Library hall at 9:30 in the morning. About a dozen members of the old volunteer fire companies met at engine house No. 1 last night and arranged to attend the funeral. The pall bearers were selected from the C. B. L. and the A. O. H., as follows: P. H. Kane, Hugh Hogan, John Smith, Bart Dowling, James Summers and James Fox. The honorary pall bearers will be Capt. J. H. Rohan, John O'Connell and Patrick O'Ryan, of the A. O. H., and David Raidy, Frank Rosenberg and Dennis Monahan, of the C. B. L.

Mrs. F. R. Barrows is [illegible] the Winter Picnic [illegible]

TONIGHT.

St. Paul M. E. Church—Revival services, Rev. M. C. Cooper, assisted by members of Christian Alliance.

Heidelberg Reformed Church—Revival services.

Wayne Street M. E. Church—Revival meetings, Rev. Henry W. Bennett, D. D., pastor.

Baptist Young People's Union—Regular monthly meeting.

Schroeder's Hall—Entertainment, "The Hickory Farm," and dance. Under auspices of Wayne Tent, No. 54.

Lodges—Fort Wayne No. 116, K of P.; Fort Wayne No. 1, Daughters of Workmen; Fort Wayne No. 155, B. P. O. E.; Modern Woodmen; Knights of the Golden Eagle; Fort Wayne Lodge of Perfection; Home No. 342, F. & A. M.; Degree of Honor No. 77; Degree of Honor No. 77; St. Julian Council, No. 87, C. B. L.

Labor—Stonemasons' union No. 7; Stonecutters' union; Musicians Fraternal union, No. 14.

Masonic Temple—Attractions for the week:

Tuesday — Return engagement, "Gay Coney Island."

Thursday—Hoyt's "A Stranger in New York."

Saturday—"The Great Diamond Robbery."

THERE is a great deal of reason to believe that much of the talk from General Miles and other army men respecting the unprepared condition of the United States for a war is inspired by those high goverment persons who are opposed to any recognition by this country of the belligerency of the Cubans. In every war of the United States, from the revolution to the rebellion, inclusive of both, this government has plunged into conflict unprepared. But somehow or other, we have kept our flag out of the dust and our faces to the enemy.

A BILL is before the Virginia legislature entitled "an act to facilitate in Virginia the creation of colonels." Statesmen in the Old Dominion should be reminded that in that commonwealth colonels are born, not made.

SINCE the grip has become so prevalent as to call out warnings from the health department, says a Chicago paper, people have been seeking advice with renewed vigor from their family physicians. One wise old doctor has told his patients in grip cases that clean air was the most necessary thing in the sick room, and in all the remainder of the house for that matter. He therefore advised them to roast coffee and let the aroma of the burning grains fill all of the house. It is not only a pleasant odor, he said, but it is one of the most valuable disinfectants that can be used. The coffee grains should be green and of the genuine variety.

In the year 1870 the postoffice receipts were $19,772,221, and expenditures $23,998,837, a deficit of $4,226,616. The receipts of the department in the last fiscal year were $82,665,462 and expenditures $93,814,668, a deficit of $11,149,206, the largest in the history of the country. The postal expenditures per capita were 63 cents in 1870, 75 cents in 1880, $1.05 in 1890 and $1.30 in 1897. Now, compare this story of an ever-increasing deficit with the fact that the annual postal profit in Great Britain is over $18,000,000! There is something wrong in the postal operations of the United States, and it is by no means of small dimensions.

A MAN in North Tonawanda, N. Y., parsues with his unmarried daughters a course quite different from that of a St. Louis father who notified them to get married within a short time or go to work. The New York parent announces that he will give $5,000 to his daughter when she marries, and that she is worth $30,000 in her own right. Another citizen of the same place states that his daughter's dot will be $10,000, and he makes the offer because the young men of the neighborhood are matrimonially slow. As the young ladies are to be allowed the right of selection, negotiations may be a little difficult.

A PLAY has just been produced in Amsterdam founded on the Dreyfus case. One of the scenes shows the ex-captain of artillery shut up in an iron cage. A novel, gathering its theme from the same source, has made its appearance in Berlin. It is published anonymously, and the author shows that not only is Dreyfus innocent, but that Count Esterhazy is also. The guilty person is—a woman, Marcelle De C. In the meantime, the Russian press is supporting the case of General Billot, the minister of war, and his associates in a perfunctory manner. St. Petersburg journals, possibly inspired, declare Dreyfus to be guilty because the Conseil de Guerre, composed of gentlemen and soldiers, has found him to be so. To question its verdict is to impeach the honor of the army. There is a pungent odor of the principle "that the king can do no wrong" in it all. That is what the heads of the French army crave just now, and they get it from certain sources.

DEFEAT of the Teller resolution in the house of representatives was expected and assured. The majority by which the gold forces were able to smother the measure was somewhat a surprise. There was scarcely reason to believe that the party lash could be wielded with such terrible effect. But one republican voted with the democrats, while two democrats voted with the republicans. Fifty majority was secured against the resolution. One Washington correspondent has aptly termed it the "slaughter of the innocents." Many republicans were driven to support of the administration with direst misgivings. They have silver constituents and they fear the consequence when they stand for re-election. The only significance of the whole matter is that the administration currency plans can be put through the house and will be held up by the senate. There is nothing new provided in the Teller resolution. United States bonds are now payable in silver if the government chooses so to pay them when any bonds shall come due.

The Maine on a War Footing.

The landsman is accustomed to think of the war ship as doing all of its effective work from the water. When the Maine started to Havana, the possibilities presented to the average imagination this 7,000 tons monster at considerable distance, if the emergency came, dropping shells into the fortifications of the Cuban metropolis.

There is a feature of the Maine's effectiveness that is not well understood. From her position in the harbor of Havana, this warship could, on ten minutes' notice, send over the sides into small boats 300 men armed and drilled to perfection for fighting in the streets of the city. Every man would have about his waist a belt of cartridges and on his shoulder a breech-loader. That is, all equipped as infantry would go in this way.

But there would be, in addition, two or three companies with machine guns on wheels to be dragged by hand ropes up to points of vantage, and to be turned in a moment into engines of destruction. The Maine could send ashore what would be a full battalion of infantry and a full battery of machine guns, and still retain 100 or more men to man the ship and the armament. Of the landing force there would be a full company of marines. The remainder would be "jackies," whose evolutions on land are marvelously precise.

A crack drill command of militia does not march with more snap than these armed sailors. The Maine is on a war footing. She is a small army afloat, as well as a dangerous warship. Her magazines are full of ammunition. Everybody and everything to conduce to effectiveness are aboard.

AFTER MURPHY'S HEAD.

Albany Assemblyman Objects to the Senator's Vote for Silver.

ALBANY, N. Y., Feb. 1.—Assemblyman Weekes, of New York city, startled the assemble and its 2,000 spectators last night by the introduction of a resolution censuring and requesting the resignation of Edward Murphy, jr., senior United States senator from this state, for voting for the Teller silver resolution.

The resolution was a complete surprise. It brought to their feet a number of the members of the minority with objections. They could not object to the introduction of the resolution, but they signified their intention to debate the proposition, and, under the rules of the house, it had to go over and be printed.

Assemblyman Weekes stated that he was willing that it be laid aside, with the understanding that it be made a special order at 8:30 o'clock next Monday evening. That course was pursued.

Mr. and Mrs. Frank Mossman, of Treaty, Wabash county, are the parents of what local physicians state is the smallest baby ever born in the United States. The little one arrived Saturday and weighs less than a pound and a half. The infant is a girl and the attending physician says she has every promise of living.

UNDER THE LASH.

The Republicans Vote Against Silver.

Teller Resolution Defeated in the House by a Decisive Majority--Party Lines Almost Unbroken.

WASHINGTON, Feb. 1.—The house of representatives yesterday buried the Teller resolution, declaring the bonds of the United States payable in silver, under the adverse majority of fifty votes. The republicans were solidly arrayed in opposition, with two exceptions. Mr. Linney, of North Carolina, who voted with the democrats and populists, and Mr. White, of North Carolina, the only colored member of the house who answered "present" when his name was called. The desertions from the democratic side were Mr. McAleer, of Pennsylvania, and Mr. Elliott, of South Carolina. Both voted with the republicans against the proposition. Speaker Reed, although it is not customary for him to vote, had his name called, and, amid the cheers of his followers, went on record in opposition to the resolution.

The vote was reached after five hours of debate under a special order adopted at the opening of the session yesterday. The limited time allowed for debate and the pressure of members for an opportunity to be heard was so great that the leaders on both sides were compelled to farm out the time by minutes. This detracted much from the continuity of the discussion, but it also in a measure intensified the interest in the galleries, which were crowded all day, and the combatants on the floor were cheered by their respective sympathizers. Many of the senators from the other end of the capitol were also present to listen to the arguments.

BAILEY AND DINGLEY LEAD.

The majority, under the leadership of Mr. Dingley, who made a carefully prepared speech sounding the keynote of the opposition, assumed the position that the last clause of the resolution was in reality a disguised declaration for the free coinage of silver, while the assaulting democrats, under the direction of Mr. Bailey, maintained that the defeated resolution was another step in the direction of establishing the gold standard, to which they allege both the president and Secretary Gage had irrevocably committed the republican party. The debate was at times fast and heated.

At 5 o'clock came the vote, which was followed with great interest, notwithstanding the defeat of the resolution was a foregone conclusion. The speaker announced that the vote would be directly on the resolution, not on the adverse report. It was soon evident that party ranks were being held intact. After the roll call was completed the speaker asked that his name be called, and on the call responded with a vigorous "No." He then announced the result—yeas, 132; nays, 182. The republicans cheered long and loud over their victory, and then, at 5:35 p. m., the house adjourned.

WILL BE EXTRA.

Omaha Exposition Postage Stamps Not to Displace Regular Issues.

WASHINGTON, Feb. 1.—The proposed issue of stamps, commemorative of the Omaha exposition, will not displace the regular issues during the period of the exposition, as was the case with the Columbian stamps at the time of the Chicago world's fair. This decision has been reached by Third Assistant Postmaster General Gary. The officials believe that no particular benefit will be derived in having the one issue displace the other, and confusion and other inconveniences which might result will be avoided.

NATURE OF THE FIGHT.

California Insurance Commissioner After the "Insurance Compact."

SAN FRANCISCO, Feb. 1.—Insurance Commissioner Clance has announced that his fight against the foreign insurance companies doing business in this state will be directed against the organization known as the Fire Underwriters of the Pacific, commonly called "the insurance compact." It is by the disorganization of this association that the insurance commissioner expects to secure for the people an equitable reduction of insurance rates, the payment of taxes and licenses by insurance companies, and a general abolition of conditions imposed on insurers since the compact came into existence. There are in prospect many additional complications, including fines, criminal prosecutions and suits to recover premiums obtained without license of law. It will prove a final test of the powers of the insurance commissioner and the application of state laws governing insurance corporations.

A Desperate Woman.

Experts in insanity tell us that when anyone goes insane, frequently their whole nature is reversed. They do and say exactly the opposite things to what they would do in their sane minds. A mother whose mind breaks down under extreme nervous tension may turn upon the one object in all the world most precious to her—her baby.

The terrible nervous tension under which many women live and suffer because of some weakness or disease of their sex, keeps them on the very verge of insanity. The constant drag and drain upon the complicated and delicate organism affects the whole nervous system and works upon the brain with an almost irresistible madness.

Thousands of suffering women have been literally saved from the insane asylum by the timely influence of Dr. Pierce's Favorite Prescription. It is the one perfect and positive specific for every derangement of woman's special organism. It is a scientific and permanent cure for those severe, chronic, complicated cases which doctors usually consider hopeless. It is the only medicine of its kind devised by an educated and skilled physician.

Mrs. Sarah E. Rains, of Dayton, Cass Co., Mo., in a letter to Dr. Pierce, writes: "It was in the winter of 1890 that my sufferings commenced. It was close to my time of confinement. I took the grip, and that with the labor pains all went to my head. I suffered dreadfully, and when I gave birth to my little boy I kept getting worse. I doctored but nothing did me any good. I had nervous spasms and was delirious—Oh, no tongue can express my sufferings. I was advised by a lady to try your medicine and I did. I got one bottle of the 'Favorite Prescription' and one of the 'Golden Medical Discovery.' I had taken two-thirds of the medicine when it commenced its work. I began to feel better, and still continued getting better. In a short time I felt like another woman. I gained strength and flesh, I am now forty-one years of age. This is true, and it was your medicine that saved my life."

Dr. Pierce's 1000-page illustrated book, "The People's Medical Adviser" sent, paper-bound, free for 21 one-cent stamps, cost of mailing only, 21 cents. Cloth-bound, 31 stamps.

GREW WEAKER AND WEAKER.

Had Poor Blood, Distress from Food, and Liver Troubles.

After Eating, Food Seemed as if It Had Turned to Rocks.

"Dr. Greene's Nervura Saved My Life—Felt the Good Effects Immediately."

"Two years ago in January I began to get poorly in health and my husband called in the doctor, and I was put under medical treatment. I had sharp, prickling pains between my shoulder blades, grew thin and pale, and had great difficulty in lying down. My blood was poor; my food distressed me, and after eating it would seem as though it had turned into rocks; it would roll about my stomach and cause me great distress. Nothing the doctor did for me seemed to do me any good. I grew steadily worse, and finally in February I was forced to take my bed. I grew weaker and weaker, and after awhile, changed physicians. That did no good, and I changed doctors again, but still I kept failing.

"The last doctor called in another physicians and they decided that the cause of my sickness was enlargement of the liver. A course of treatment was decided upon and tried faithfully, but I got lower and lower, until at last the doctor said I could not live more than two or three days at the most. The day this statement was made, a neighbor told my husband how much his wife had been benefited by Dr. Greene's Nervura blood and nerve remedy and urged him to try it in my case. It was the last hope, but he bought a bottle and I commenced its use. I felt the good effects of the Nervura almost immediately, and kept on taking it and gaining all the time. I commenced to use the Nervura the second day of April, and before the month of April was gone I was out of bed and for good. I have not been confined to the bed by illness since taking this remedy. I think Dr. Greene's Nervura blood and nerve remedy saved my life, and I do not hesitate to recommend it as a valuable preparation.

MRS. JAMES DEVLIN, Penacook, N. H."

Dr. Greene, 148 State Street, Chicago, Ill., the most successful physician in curing diseases, can be consulted free personally or by letter.

NEGRO LYNCHED.

But Not Until He Had Killed a Man.

BRAMWELL, W. Va., Feb. 1.—An unknown negro, who was refused the privilege of walking through a tunnel of the Norfolk and Western railroad near here, last night shot Harry Draper, the watchman, killing him instantly. A posse soon formed and captured the negro later placing him in jail. At midnight fifty men took the prisoner from the jail and lynched him, after riddled with

REFUSES SILVER.

Suit to Determine Validity of Bland-Allison Act.

Millionaire Baldwin, of Detroit, Will Contest the Law to the Fedaral Supreme Court.

PONTIAC, Mich., Feb. 1.—Stephen Baldwin, of Detroit, the millionaire capitalist, by his attorney, E. Tarsney, yesterday began a suit in the Oakland county circuit court, at Pontiac, against Chairman Fred A. Baker, of the democratic state central committee, the final determination of which will be watched with interest all over the United States.

The suit involves the constitutionality of the Bland-Allison silver act in 1878. It was brought expressly to determine the validity of that act, along with other decrees bearing on silver as a currency. Both Chairman Baker and ex-Congressman Tarsney say the case, no matter how it is determined in the Oakland circuit court and before the Michigan supreme court, will positively be carried to the supreme court of the United States.

Mr. Baldwin a few months ago bought a piece of farming land in Oakland county. Chairman Baker held a mortgage on the land, which became due December 13 last. The amount due that day, with accrued interest, was $361. Mr Baker refused to accept in payment 361 silver dollars, hence the suit.

ONLY GUESSED IT.

Cincinnati Police Looking for Two Men With Reliable Race Tips.

CINCINNATI, Feb. 1.—The police have been notified to look for Mike McGinness and "Red" Murphy, who by mere guessing gave hints to Francis McBriener and F. H. Bond, of New York, whereby they won $5,000 at the races. The touts made these men believe they "fixed" the races. The four then came to Louisville and Bond went on to Little Rock and it was arranged to win a big pile on Siva yesterday in the fourth race at New Orleans. McBreiner bet $1,500 in one pool room and gave $5,000 to McGinness to bet in another. Siva was beaten and McBriener found that McGinness filled with out betting at all.

SUCCESSFUL MEETINGS.

Revival at St. Paul's M. E. Church Shows Good Results.

The series of meetings in progress at St. Paul's M. E. church, under the direction of the pastor, Rev. M. C. Cooper, are proving fruitful. The meeting last night was of especial interest. Some of the workers of the Christian Alliance are assisting in the services and last evening Rev. Rumseyer preached a strong and effective sermon. Mr. and Mrs. Zeller led in the song service.

There were several conversions and many requests for prayers. The attendance, notwithstanding the storm, was very large and a deep spiritual interest pervaded the meeting. Tonight Dr. Rae, of Columbus, Ohio, will preach.

NORTHERN INDIANA NOTES.

There is an epidemic of diphtheria at Wakarusa, Elkhart county, and the county board of health is making a thorough investigation.

Sixty-two farmers near Knox, Starke county, have already agreed to raise sugar beets next season. Others near Hamlet have agreed to the same thing.

Berkley Walker, who is confined in the Wells county jail at Bluffton, charged with shooting the daughter of Frank Dougherty, last September, is dying of consumption.

Charles Murs, a South Bend man, has wagered that he can eat a whole goose every day for a month. He has already gone above twenty with good prospects of being able to win out.

Daniel Underwood, living near Hobart, has been allowed a claim for a pension. He is seventy-two years old, and his claim has been pending for more than twenty years.

The Elkhart county grand jury has exonerated ex-county officers Campbell, Romaine and Sellers from criminality in the alleged errors reported to exist by a tax ferret.

In DeKalb county Andrew Casebeer, aged ninety-two years, has been granted a divorce from his wife, Mary Jane Casebeer, who is a few years younger, and who resides with a daughter in Chicago. The wife is charged with desertion.

Samuel Ball, confessed forger of a $35 check in the Laporte jail, fell to the floor unconscious Saturday when his little child reached its hand through the bars to him. He was unconscious an hour. Since he was put in jail he has not eaten a bite, his humiliation is so great.

ASSETS $3.30.

Odd Fellows' Mutual Aid Association to Quit Business.

INDIANAPOLIS, Ind., Feb. 1.—The Odd Fellows' Mutual Aid association voted to go out of business. Its assets amounted to $3.30, and its liabilities to $100,000, consisting of unpaid death claims. The association was formed twenty-eight years ago by men prominently connected with the Odd Fellows, but it never had any official connection with the order.

NEW GOLD FIND.

Rich Discoveries Made in the Great Slave Lake Region.

WINNEPEG, Man. Feb. 1.—News has reached here, Regina, that the first party of persons bound for the Yukon by the Prince Albert route, have found gold in large quanitities in the Hay, Buffalo and other rivers running into Great Slave lake, seven hundred miles from Prince Albert. The news comes through Bishop Pascal and is considered reliable.

TO CURE A Cold in ONE DAY

FIRE BUGS BURN COLLEGE.

Institution of the United Brethren at Hartsville Destroyed.

COLUMBUS, Ind., Feb. 1.—The United Brethren college at Hartsville, this county, one of the oldest educational institutions in southern Indiana, was coal oiled by an incendiary Sunday morning just before daylight and destroyed.

It was a large three-story frame building and unoccupied, the school term having recently closed. In the building were 2,000 volumes, chemicals and chemical apparatus, a $500 telescope, furniture, fixtures, etc.

The building was valued at $15,000 and the contents at $5,000. It was insured in the Continental, of New York, for $5,000. The property was transferred to A. D. Galbraith by the trustees ten days ago in voluntary assignment for the benefit of creditors.

In early days it was a very popular educational institution, but a split in the church and the college management brought on bankruptcy and ruin, and only last week four or five of the teachers brought suit for salaries alleged to be due them.

SHINKAMAR FIGHT.

Natives Surprise and Slaughter the Fourth Brigade.

BOMBAY, Feb. 1.—A dispatch from Mamani gives further details of the disaster on Saturday last to the Fourth brigade of the British troops operating on the frontier, near Shinkamar. General Westmacott, who has just returned to Mamani after visiting the scene of the fighting, recovered twenty-two bodies of the British slain and inflicted heavy loss upon 300 of the enemy who opposed him. The British force lost one man killed and eight men wounded in the latter engagement. General Sir William Lockhart, who has just been relieved of the command of the frontier forces by General Sir Arthur Palmer, sails for England on Saturday next. In an interview he expressed the opinion that a spring campaign against the tribesmen will be necessary.

Cure a Headache in 15 Minutes

By using Dr. Davis' Anti-Headache. All druggists.

RATCLIFFE YIELDS.

Will Serve His Sentence and Other Prosecutions Will be Dropped.

NEW YORK, Feb. 1.—The Journal and Advertiser states on "responsible authority" that E. J. Ratcliffe, the actor, now under sentence for wife beating, under indictment for perjury and accused of bigamy, has decided to withdraw his appeal from the sentence against him for wife beating and will serve six months in the penitentiary on Blackwell's island. The perjury case against him will be nolle prosequed and no other prosecutions against him will be begun. It is said that Ratcliffe's attorney has effected a compromise with the district attorney.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address,

F. J. CHENEY & CO., Toledo, O.

Sold by Druggists, 75c.

SHERIFF'S SALE.

No. 2,527.

In the Superior Court of Allen County, State of Indiana.

August A. Chapin, sole distant plaintiff in the suit of the Fort Wayne Building Loan Fund and Savings Association vs. Anna L. Kelley.

By virtue of an order of sale to me directed and delivered by the clerk of said court, in the above entitled cause, I have levied upon and will expose for sale by public auction, at the court house door in said county, between the hours of 10 and 4 o'clock p. m. of the 5th day of February, 1898, the rents and profits for a term not exceeding seven years, of the following described premises, in Allen county, Indiana:

Lots number four hundred and seventy-four hundred and eight; four hundred and eleven four hundred and twelve and four hundred and thirteen in Lasalle Park Addition to the city of Fort Wayne, in Allen County, State of Indiana.

And on failure to realize therefrom the full amount of the judgment, interest thereon and costs, I will at the same time, and in the manner aforesaid, offer for sale the fee simple of the above described premises. Taken as the property of the defendants to satisfy said Order of Sale

ALBERT E. MELCHING,
Sheriff Allen County.

18-24 Chapin & Denny attorneys for plaintiff.

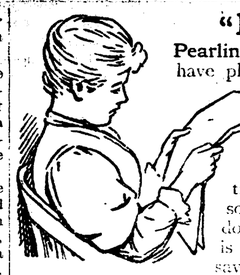
Ponson's Complexion Powder gives freshness, clearness to the old, restores youth. Try it.

"If a woman reads



Pearline 'ads,' and acts upon them, she'll have plenty of time to read everything else in the paper." That is what a woman writes to us, and she's a woman who ought to know. How large a part of your time is spent in getting things clean? Haven't you something better that you'd like to do if you had the time for it? Time is one of the things that Pearline saves. To hurry up housework and make every kind of washing and cleaning quick and easy, use Pearline. 511

Millions NOW USE Pearline

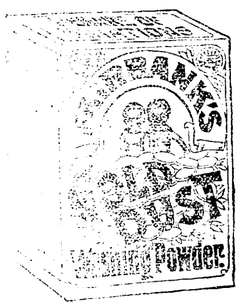
This is the Package—

remember it. It contains

GOLD DUST

Washing Powder

that cleans everything quickly, cheaply and perfectly.



Largest Package. Lowest Price.

SERVICE FROM OUR GROUNDS TO YOURS

We no longer supply our seeds to dealers to sell again. At the same time, many of our customers who planted our seeds of the Early Market Garden Collection in 1896 or 1897 will want a second planting of "Everything for the Garden" this season. FREE! We will give them (only by mail) a package of each of the 14 varieties named from which to select 7 (seven) packages (enough to cover 200 square feet) to replace this Manual by mail. Or, if you prefer, we will send the entire collection of 14 packages containing 390 choicest seeds of vegetables and flowers, including all the novelties offered in the 1898 catalogue, for only 25 cents. Finally, for 30 CENTS we will send the entire collection of 14 packages, containing 390 choicest seeds of vegetables and flowers, including all the novelties offered in the 1898 catalogue, and our 1898 Manual by mail. Mention this advertisement.

Postal Card Applications Will Receive No Attention.

JOINT INSPECTION.

The Pennsylvania and the Nickel Plate Adopt New Methods.

To Expedite the Interchange of Freight Cars One Inspector Will Act for Both Companies.

The Pennsylvania and the Nickel Plate have established a joint car inspecting system at this point for the purpose of facilitating the handling of cars which are transferred from one line to the other and to prevent the annoying delays which, under old methods, were constantly occurring. By mutual consent it was arranged that the inspections should be made by Nickel Plate men and their decision should be "law." To illustrate: Several cars are turned over to the Nickel Plate by the Pennsylvania company. The inspector looks over the lot and finds one unfit for services. He marks it "shop" and it is cut out of the string, taken to the Pennsylvania company's shops and repaired. The same would occur were the cars being turned over to the Pennsylvania from the Nickel Plate expect that the repairs would be made by the latter company. At the close of each month the Nickel Plate will render a bill for inspecting cars to the Pennsylvania company and settlement will be duly made. This system of inspecting cars will, no doubt, be extended until it takes in all the lines reaching this city. It is conceded to be the most expeditious and economical method yet devised and is successfully operated in many other railway centers.

ABOUT THE COMPOUND ENGINE.

J. S. Thurman, mechanical engineer of the Missouri Pacific railway, is of the opinion that the compound engine will become the standard American locomotive. Here is what he said upon this subject, at the St. Louis Railway club, a few evenings ago: "I think the trouble that has been experienced with the compound engine and the reason it has not been adopted by more roads than at present is because the builders have been designing these engines and selling them to railroad companies. The railroad men take a certain amount of pride in what they have designed themselves, and they maintain that they can overcome the defects that are found in them. These matters take time, and we are not yet really prepared for the change from simple to compound locomotives. But my opinion is that the features embodied in the compound engine are essentially correct, and, with the slight modifications that may be found necessary I believe it will become the standard American locomotive."

At the same meeting and upon the same subject, Prof. J. B. Johnson, of Washington university, said: "With reference to the future of the compound locomotive, my opinion is the compound locomotive has come to stay. It is peculiarly adapted to American conditions. With heavy loads at moderate speed, it certainly does save from 15 to 20 per cent of the fuel cost, as now built and operated, and this is a considerable item. On light trains or on high speed service there is little saving of fuel but where heavy passenger trains are to be hauled at the highest speed, or when the speed is limited by the steaming capacity of the boiler, there is a considerable reduction in the water to be evaporated, and hence less difficulty in maintaining the pressure. While the cylinder repairs are increased, or perhaps doubled, the boiler repairs are greatly reduced, thus reducing the total expense, because the boiler repairs are the main item."

MAY HAVE NEW TERMINALS.

The Toledo Bee says: "In view of the fact that the Wabash people are surveying a line between this city and Montpelier, and that the road is likely to open up a new Toledo-Chicago line, there are many speculations as to the location of passenger terminals in this city. It is claimed that whenever the Wabash establishes a line that will be in direct competition with the Lake Shore, the contract by which the Wabash is permitted to use the Union depot will become null and void, and that the road must then seek other passenger terminals. It is believed that the Wabash will form a combination with the Ann Arbor, using the passenger station of that road at the corner of Cherry and Seneca streets. Should such an arrangement be brought about, then it is believed that eventually the Wheeling and Lake Erie will come into the terminal combination which would then include the Ann Arbor, Wabash, Flint and Pere Marquette, Detroit, Toledo and Milwaukee and the Wheeling and Lake Erie."

LAKE SHORE CHANGES.

The changes at the Lake Shore depot, mentioned over a week ago in THE SENTINEL, became effective this morning. P. C. Liggett assumed his new office in the Chicago depot of the company and Ora M. Ramey has been installed as ticket salesman at this point.

PERSONAL AND OTHERWISE.

Nickel Plate Conductor William Smart is taking a few days' rest.

Robert John is sick and W. Morris is taking a few days rest. Both are Nickel Plate engineers.

F. Tegeder has recovered from his recent illness and this morning resumed work in the Pittsburg copper shop.

Mrs. Stetter, wife of Louis Stetter, of the Pittsburg tank shop, has gone to Preble, Ind., to see her brother, who is lying very ill.

On account of the sickness of some of his children, H. Jacobs, an employe of the Pittsburg lumber yards, is kept from his work.

Foreman T. J. Rodabaugh, of the paint department of the Pittsburg shops, is in Chicago today on business connected with his office.

David Murray, a blacksmith employed in the Wabash shops, has recovered from injuries received a few days ago and is working again.

J. C. Hesslen, J. J. Auth and W. P. Morris, Nickel Plate brakemen, have resumed work after a few days' absence. The latter had been sick.

Frank Davis, Nickel Plate fireman, is off duty on account of sickness. Frank Maloney, also a fireman on that road, is enjoying a brief vacation.

Fred Woehr, of the Pittsburg tank shop, was struck on the leg yesterday, injuring the limb so that he was obliged to quit work for a few days at least.

J. E. Allen, an extra conductor on the Nickel Plate, who was stationed at Bellevue, has been transferred to this city, and yesterday moved his family here.

Two surveying corps are now engaged in locating a line for a railroad between Akron and Ravenna in the interests of the Northern Ohio railroad, a Brice line.

Receivers Cowen and Murray, of the Baltimore and Ohio railroad, today petitioned the circuit court of the United States for permission to lease 3,150 additional box cars.

John Zimmerman and John Keese, boilermakers in the employ of the Wabash, went to Ashley this morning, to work temporarily in the company's shops at that point.

John Rupp and John P. Schmidt, of the Pittsburg blacksmith shop, are off duty today on account of the death of a relative. H. P. Jensen, of the same department, is sick.

Commencing today the messengers of the American Express company will also act as baggagemen on the trains of the Monon between Indianapolis and Chicago and between Louisville and Chicago.

John H. Crawford, the new general manager of the Lackawanna line, has decided to make Chicago his headquarters. Heretofore the headquarters of the general manager of that line has been at Buffalo.

George M. Bennett, aged seventy-two years, and the oldest engineer on the Baltimore and Ohio Southwestern, retired from that position last week, and, with his wife, has gone to Florida on an extended visit. He had been on the pay rolls of that road fifty years.

The Pennsylvania snow plow went out this morning to clear the tracks west of this city of several big snow drifts. This is the first time this winter that the snow plow has been called into service hereabouts. Last week it was engaged in a similar task west of Valparaiso.

A circular which bears the signatures of all the local freight agents, informs the shippers of Fort Wayne that after this date their respective freight warehouses will be closed at 5:30 standard time, and that no freight will be received there after that hour. Similar rules are in force in all the other cities.

A peculiar accident happened yesterday to Oscar Johnson, a Wabash fireman. When he jumped off the cab steps at Peru he slipped upon some ice and severely sprained the muscles of his neck. The injury was so painful that he had to give up his run and it will probably be several days before he will be able to resume work.

Bluffton News: "The Fort Wayne gas pumping station has stepped in line with another accident. Sunday Fred Barchard, the boss painter of the station, was standing on a scaffold about six feet from the ground, when he fell. In falling he struck so that two of his ribs were broken. Barchard is from Fort Wayne and has been boarding at Spake's. He is a married man and was taken home this morning on the train."

Engineer M. McCarty, of the Nickel Plate, and a friend, were hunting in the neighborhood of Claypool yesterday, returning to the city on the local freight train last evening. As the Nimrods, with their hunting paraphernalia, alighted from the train they presented a formidable appearance. One of the train crew callers, who was on the scene, took an inventory of so much of the outfit as was in sight, and the following is the result: Two men, two guns, two revolvers, one hatchet, one butcher knife, six dogs, one a pug; four ferrets and three rabbits. The latter were dead and so shopworn that hardly enough hair remained to indicate what particular family of the animal kingdom they belonged to.

THE BELL, 18 Calhoun St.

AT THE TEMPLE.

"Under the Red Robe" Pleased a Large Crowd--"At Gay Coney Island" Tonight

One of the largest audiences of the present season greeted the first presentation in this city of "Under the Red Robe," last evening at the Temple theater. The play itself is an evenly balanced, compactly constructed and powerful drama of the romantic school. The company is one of the best seen here this season, but Mr. Morris as Gil de Ber ault and Miss Hampton as Renee de Cocheforet were superb. Their renditions were the height of dramatic art. Edwin Thanhouser, formerly of this city, was warmly greeted by many old friends whose interest and applause he merited by an excellent interpretation of the only comedy part in the drama. "Under the Red Robe" is altogether one of the most satisfactory things the Temple management has presented.

"AT GAY CONEY ISLAND."

Tonight Mathews and Bulger will be at the Temple in a return engagement of "At Gay Coney Island," one of the best and cleanest farce comedies on the road.

TO MAKE GUNPOWDER.

American Spirits are Being Exported in Large Quantities to Japan.

PEORIA, Ill., Feb. 1.—Within the past few days hundreds of gallons of spirits have been shipped from Peoria to Japan to be used in the manufacture of smokeless gun powder. The spirits play an important part in the process and local houses have found an excellent market for their goods.

FOR ONE YEAR

There Will Be Peace Among Glass Men.

Indiana Labor Commission Effects a Settlement at Kokomo, Elwood and Anderson.

ANDERSON, Ind., Feb. 1.—The Indiana labor commission has affected a settlement for one year among the thousand workmen in the Elwood and Kokomo plate glass plants and the Pittsburg glass company. In this city agreements were entered into on wage and working regulations and articles drawn up covering a year. It will be filed in the county courts here and at Kokomo tomorrow and it will be regarded as a civil action, violation of which during the year by either workmen or the company will be considered and punished as a contempt of court. The Elwood plant resumed today with 600 men. Such an agreement as entered into is a new feature of up-to-date labor commission intervention.

IN CONTEMPT.

Alaskan Miners Refuse to Surrender Property to a Receiver.

SITKA, Alaska, Jan. 21, via SAN FRANCISCO, Feb. 1.—The Nowell Gold Mining company, next to the Treadwell, is with all its stamp mills and properties, the largest gold mining concern in Alaska. Owing to the alleged mismanagement the company went into the hands of a receiver. The employes of the Berners Bay Mining and Milling company, one of the company's properties, refused to surrender to the receiver. The court adjudged the employes in contempt, and the deputy United States marshal has gone to Berner's Bay to make a final demand for the surrender of the mine. The latest news from Berner's Bay is that the difficulty is in a fair way to peaceful adjudication. Boston, New York and San Francisco capital is interested in the Nowell Gold Mining company. The assets of the company, according to the receivers' account, are $3,341,020, and the liabilities $1,046,806.

LOST HIS MIND.

A Boston Boy Who Shipped as a Seaman Becomes Demented.

ASTORIA, Ore., Feb. 1.—Amos Stone, the son of a Boston jeweler, living at 15 Main street, Charlestown, Mass., shipped on the American ship George Stetson, at Baltimore, as an ordinary seaman, and arrived here a few days ago. He was taken to the hospital in a partially demented condition. It is said that his mind became affected while he was on the United States training ship Enterprise.

The Discovery of the Day.

Aug. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. F. Campbell, merchant of Safford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails, and is a sure cure for Consumption, Coughs and Colds. I cannot say enough for its merits." Dr. King's New Discovery for Consumption, Coughs and Colds is not an experiment. It has been tried for a quarter of a century, and today stands at the head. It never disappoints. Free trial bottles at Dreier Bros. drug store.

Robbed the Grave.

A startling incident of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated pain continually in back and sides, no appetite, gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying "Electric Bitters," and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cents per bottle at Dreier Bros.' drug store.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns and all skin eruptions and positively cures piles, or no pay required. TWO ROUTES.

Three Days to California via Wabash Line--"The California Limited"--"The Sunset Limited."

The "California Limited" runs via the Santa Fe route from Kansas City to Los Angeles, leaving Kansas City every Tuesday, Thursday and Sunday mornings after arrival of "Wabash Cannon Ball." The "Sunset Limited" runs via the Iron Mountain Route from St. Louis to San Francisco, via Los Angeles leaving St. Louis every Tuesday and Saturday evenings after arrival of "Wabash Cannon Ball." The "Wabash Cannon Ball" leaves Fort Wayne at 12:35 p. m. (noon) and runs through to Kansas City, via St. Louis, without change, reaching St. Louis at 10:15 p. m., and Kansas City at 7:15 a. m. This train carries Palace Buffet Sleeping and Reclining Chair Cars to Kansas City. By the Wabash the quickest possible time is made, and passengers have but a single Union Depot change of cars either at St. Louis or Kansas City.

Through sleeping car reservations and general information cheerfully given on application to R. G. Thompson, Passenger and Ticket Agent Wabash R. R., Fort Wayne, Ind.

P. S.—Elegant descriptive advertising matter of these two great "Overland Flyers" furnished when desired. Both trains carry Dining Cars running through to the "Land

SETTLES NERVOUS BANKRUPTCY

Statistics show that ninety-five per cent. of all persons engaged in business in the United States fail. Investigation shows that men who succeed are men of brains, strong nerves, great will-power. Ordinary food and drink cannot supply the vital force which people with active brains and body require. **Bicola Pills** feed the nerves, make the mind bright, muscles strong, MAKE FLESH AND BLOOD and new energy, and give perfect manhood with all that perfect physicial condition means. **Bicola Pills** are a great tonic FOR WOMEN—they give health and strength to the special organs and nerve centers. THE TURNERS OF PHILADELPHIA make **Bicola Pills.**

J. E. Buckey, Chief Clerk National Hotel, Washington D. C., testifies as follows: "I was all run down, had no appetite, troubled with sleeplessness, pains in the head, was a shadow of my former self. Your **Bicola Pills** have given me most wonderful relief. I have gained over twenty pounds, have a good appetite, sleep well and am my old self once more.

Mr. and Mrs. George Leamly, of 154 Clay street, will leave in the morning for Greenville, Ohio, where they will become the guests of Mrs. Leamly's parents, Mr. and Mrs. D. F. Paul.

Dr. W. H. Myers read a very interesting paper on "The Supernatural" at the meeting of the Fortnightly club in the public library building last night. The discussion was participated in by Rabbi Cohn and other members of the club.

Miss Helen Melon entertained a number of her friends last evening, the occasion being her birthday. Music and games were among the features of the evening. The rooms were exquisitely decorated in carnations and ferns. A dainty four course luncheon was served at a late hour. Music was furnished by Lauterbach's famous orchestra.

A dozen or more of the best checker players in Fort Wayne are taking part in a checker tournament in Cap. Collars' barber shop on Barr street. Each player contests five games with every other player and nobody is barred. It will take several weeks before the winner can be determined, the contestants up to date being rather evenly matched.

STARTS THAT WAY

But This Article is Not a Patent Medicine Ad.

A certain grocer of Evanston, Ill., had a curious experience lately, and one that he will not readily forget. Mr. P. H. Kles, of 614 Dempster street, was compelled to call in Dr. Dakin, a well known physician of Evanston, in order to find, if possible, why he was becoming, day by day, more dangerously ill, and there seemed to be no way to stop the progress of the trouble. He reached a point where it was a critical question whether he could recover or not, when Dr. Dakin advised him that the symptoms indicated that he was being slowly poisoned by the use of coffee. If a bombshell had been exploded in Mr. Kles' front room it would not have created any more surprise and consternation.

Willing to do anything the doctor advised, in order to regain health, he agreed to leave off common coffee and take a cereal coffee. It seems that Mr. Kles had on his shelves the original Postum Cereal Coffee and four brands of imitations of Postum. At the doctor's suggestion, a sample of each were given to him, which were taken home for analysis.

After careful trial of each and thorough analysis, the doctor recommended Postum as the one cereal coffee that contained the elements of nutrition needed, and thereupon Mr. Kles at once left off the use of common coffee and took on Postum. His return to health was rapid, and it is needless to say the customers of that grocery store frequently hear a good word from the grocer or his clerks in regard to the famous Postum Food Coffee.

There are hundreds of cases, somewhat similar to this one, in which people have been running down in health for varying lengths of time and have been unable to determine the cause of the trouble. It is a trouble that does not seem to yield to medicines or to treatment of any kind. The true remedy for a generally run down condition, is to abandon coffee drinking and take on Postum Cereal Food Coffee, which goes directly to work to rebuild broken down nerve tissues throughout the human body.

Men's black or white overalls, with or without bibs, regular 75c quality, 44c.

MUNICIPAL AFFAIRS.

Councilmen Visited Spy Run This Morning.

Mayor Scherer Has an Uninteresting Police Court—Ben Carey Again in Trouble—Lieutenant Lapp's Report.

The council committee of the whole, of which Councilman Hagg is chairman, this morning visited Spy Run for the purpose of viewing the suburb, which has petitioned to become a portion of the city. Once before a petition for the annexation of Spy Run was filed with the council, but a remonstrance contained the names of a big majority of the residents of the suburb and the council acted in favor of the remonstrants. This time a majority of residents have signed the petition for annexation, but a number of councilmen express themselves as opposed to the taking in of the territory. The committee of the whole will report to the next council meeting.

GARBAGE CONTRACTS.

The board of public works will advertise for bids for the caring for the garbage during the coming year. The bids will be opened February 10th, but the contracts of the present garbage men do not expire until February 20th. There are four garbage wagons in use during the entire twelve months of the year and during the summer months two additional wagons are on duty.

POLICE COURT.

The police yesterday afternoon arrested Ben Carey, who is wanted at Bluffton for beating a hotel bill. Carey is the man who deserted his wife and was arrested on Main street some months ago, where he was living with a young woman. Marshal Crosbie, of Bluffton, came to the city on the 11:40 train today and this evening took Carey back with him.

Henry Schulte arrested for climbing on cars, was ordered out of the city by the mayor.

Charles Baley and John Coline, vagrants, and Francis Wade, a train climber, were all sent over to jail.

August Reis was arrested for selling Burdock root oil without a license and was sent to jail.

MONTHLY REPORT.

Lieutenant Lapp has compiled the following report of the doings of the police for the month of January:

Climbing on cars in motion	25
Intoxication	57
Selling liquor without a license	5
Assault and battery	5
Petit larceny	7
Vagrancy	4
Carrying concealed weapons	1
Being a tramp	2
Entering a house to commit felony	1
Runaway boys	2
Trespass	1
Criminal operation	1
Gambling	3
Total	79

Tramps lodged in the station during the month of January, 275.

TWO STRIKES.

Contractor Stewart and the Wayne Club Have Trouble.

Yesterday afternoon the planers employed by Stewart & Co., court house contractors, went out on a strike. Mr. Stewart claims that he discharged one of the planers for spoiling a stone and the other planers demanded his reinstatement and when he refused to grant the request they walked out. Two of the men called on THE SENTINEL this morning and stated that they did not object to Mr. Stewart discharging the man or any other man, but they did object to his compelling them to pay for the accidental spoiling of a stone. They assert that they should be discharged, but not compelled to pay for the stone. Only one planer was at work today, but it is understood a couple of more will go back in the morning. The planers have no local organization.

CLUB WAITERS' STRIKE.

Yesterday the management of the Fort Wayne club reduced the wages of the head cook, Mr. Marquis, from $75 to $50 a month, and the waiters from $22.50 to $18 a month. The cook and three waiters quit and this morning new men were in their places. Mr. Miller, the new manager of the club, made the reductions.

Rev. M. Jeffcott, of Toronto, Canada, is visiting his schoolmate, Mrs. P. J. Singleton, of 27 Baker street, whom he hasn't met for twenty-four years. He was ordained a priest fifteen years ago, in Tralee, Ireland, and since that time has been stationed at Toronto. During his tour he will visit all the principal cities in the state.

Gus Henry, the Lewis street shoemaker, has left his last and gone to San Francisco, Cal., from where he will leave for Klondike as soon as spring navigation opens. At Dawson City he will meet two other gentlemen who are owners of a good paying claim.

Mrs. Frank Johnson, of No. 18 Leith street, fell and sprained and fractured her right limb last evening. Dr. William N. Euslen was called and reduced the fracture.

Horse Hair from Siberia.

Three hundred bales of horses' manes and tails, to be used for upholstering furniture, have been landed at Philadelphia by the British steamships Maine and Michigan from London. They come from far-away Siberia, and are taken from horses used by the Cossacks after the animals have outlived their usefulness. Horses are cheap in Russia, and after having seen better days their manes and tails are the only things left of a commercial value. Very often these hirsute appendages are taken from sound animals, and the beasts left to their fate. Here the upholsterers use the hair for stuffing chair backs and other articles of furniture, and the material from Russia brings the best price, because the hair is the longest, and consequently the best.

We do not raise the price on account of tariff, but are selling all our elegant suiting and overcoatings at [illegible] G. Schmidt, merchant

BASE BALL.

Deacon Ellis is Anxious to Secure the Fort Wayne Team.

The Fort Wayne Athletic Club Will Give a Benefit for the Base Ball Management—Ed. O'Meara.

Deacon Ellis is very anxious to secure the Fort Wayne franchise for Grand Rapids and the following telegram was received from him last night:

"Wire lowest terms for your franchise and players. Answer immediately. GEO. R. ELLIS."

The following reply was sent to him:

"Afraid we can not sell. League objects."

Last evening a number of persons met with President Meyer and he announced his determination to retire from the active management of the club. He has decided to turn the team over to Ed. O'Meara, who will arrive in the city within a few days.

Inasmuch as money is needed to push things along and pay the $500 guarantee, the Fort Wayne Athletic club has decided to give a benefit performance and have selected March 4 as the date. An effort is being made to have "Dummy" Kihm come here and meet Yates, Hardenbrook, the "Eastern Kid," or some other good man in a ten-round sparring match. Kihm has many friends here and if he can be secured it should prove a big drawing card.

BRAVED THE STORM.

Veterns Attend Comrade Nye's Services at Trinity M. E. Church.

Last night Trinity M. E. church was crowded with G. A. R. men, Sons of Veterans and the members of the Women's Relief corps and the many friends of them all. The services were conducted by Comrade Z. Nye and were specially appropriate to the occasion. The church had been beautifully decorated. The services took the form of a patriotic evangelistic sort. Comrade Spellman, eighty-four years of age, braved the storm to meet the "boys" and lead them in a fervent prayer. The meeting throughout was most interesting and ended with an old fashioned love feast, with everybody happy and glad to be there. The pastor, Rev. Albertson, was very happy in his remarks, and Comrade Nye's part of the program was listened to with rapt attention. Mr. Nye and the people of Trinity church heartily thank all persons who assisted to make the occasion so successful and fruitful of good.

Arnold's Bromo-Celery. School headaches cured by this wonderful remedy. 10cts. Sold by Gross & Pellens.

To Prevent Runaway Freight Cars.

To prevent railway cars running out on the main track after being placed on a switch a steel bar is set across the rail in a slanting position, with the inner end pivoted in a socket and the outer end fitted with a loop to hold it in place.

Garret of the Brothers de Goncourt.

There are few persons interested in things literary who, being in Paris within the last ten or fifteen years, can have failed to hear of the garret of M. de Goncourt. M. de Goncourt himself would, perhaps, have preferred people to say the garret of "the brothers Goncourt," although, as is well known, the institution was originated and flourished only after the death of the younger brother. The "garret," specifically, was a charming room, half hall, half library, on the third floor of the little Louis XVI. hotel at Auteuil, which M. Edmond de Goncourt occupied during the whole latter part of his life; generically, it was the meeting together of kindred spirits, of disciples and admirers and friends of the old maitre; the germ of the academy which it was Edmond de Goncourt's dream to establish in opposition to the Academy of the Forty Immortals; and the nursery, as it were, where talents were grown to ripeness for the honor of admission to that same especial academy.—Scribner's.

The Finest Pearls in Europe.

The Duchess of Cumberland is said to possess the finest pearls in Europe. They were part of the crown jewels of Hanover, and in 1857 they were valued at £160,000.

SNOW STORM.

Massachusetts the Scene of Its Greatest Fury.

The State Buried to the Depth of two Feet.

Traffic Crippled in Hudson River Territory.

A Blizzard Prevails in Michigan, Wisconsin and Indiana--No Fatalities Reported.

NEW YORK, Feb. 1.—New York city is today under snow to an average depth of five inches. The temperature at 8 a. m. was 20 degrees above zero, but the weather forecaster said that a cold wave would strike the metropolis tonight which would send the temperature down 15 or 20 degress. More than 500 shovelers were working to remove the snow in the boroughs of Manhattan and the Bronx alone. Local traffic preserved its normal conditions, and both surface and elevated roads were running as usual. With the exception of the lines running to New England, the railroads were not suffering inconvenience. The New York, New Haven and Hartford reported trains from two to three hours late. Boston was entirely cut off from telephone and telegraph communication.

HUDSON, N Y., Feb. 1.—A snow storm has prevailed in this section for the past thirty-six hours. Railroad traffic is delayed, the electric street railway system has suspended operations and work on the Hudson river ice field has been abandoned.

ALBANY, N. Y., Feb. 1.—The storm which started here late yesterday afternoon still continues. There is now three and a half feet of snow on the level and over public roads and the drifts are ten and twelve feet high. The trains on all the railroads are from a half hour to two hours late. The snow is still falling.

SARATOGA, N. Y. Feb. 1.—The snow storm continued today. Two feet of snow has fallen since last evening. Railroad operations are somewhat impeded.

MALONE, N. Y., Feb. 1.—About eighteen inches of snow has fallen in this section during the last twelve hours and snow plows have been kept running all night on the Ogdensburg and Lake Champlain and New York Central railroads. Trains are all delayed. The storm is still raging.

THE BAY STATE.

Worst Blizzard of the Decade Prevailed Last Night.

WORCESTER, Mass., Feb. 1.—Not since the memorable blizzard of March 12, 1888, has this section been so completely snow bound. Business this morning was practically suspended and the streets in most ports of the city were impassable. There is probably an average of two feet of snow on a level, but the high winds made huge drifts ten or fifteen feet high. Railroad service is at a standstill and there is at this hour no communication of any sort with Boston. None of the telegraph or telephone companies have a wire working and it is not known when a mail train can get through. The electric street railways are tied up. There are reports of wrecked trains which have not yet been verified. It is considered probable that the storm was more severe east of here and it will be late in the day before there is any communication with Boston.

TRI-STATE BLIZZARD.

Indiana, Michigan and Wisconsin in the Grasp of a Storm.

CHICAGO, Feb. 1.—Reports from various towns in Michigan, northern Wisconsin and northern Indiana tell of a severe blizzard raging in that section of the country. The wind is blowing a gale and huge snow drifts are being piled in the highways. All the trains are more or less delayed and in some towns street railway traffic has been entirely suspended. The report from Marquette, Mich., states that the storm on the lake is fearful, and that waves are breaking completely over Picnic Rocks, something they have not done in years.

SWETT RESIGNS.

Leaves the Indian Schools to Engage in Business.

LAWRENCE, Kas., Feb. 1.—Supt. J. A. Swett, of Haskell institute, the Indian industrial school located here, has sent his resignation to the department at Washington. Mr. Swett resigns the place to engage in business with his brother in Michigan, and will leave as soon as he is relieved here. For the last five years Mr. Swett has been superintendent of Haskell, having been promoted from assistant superintendent. The successor of Mr. Swett will be appointed under civil service rules, and it is generally believed that H. B. Peters, formerly assistant superintendent and at present Indian school supervisor, will be selected for the position.

EASTERN AFFAIRS.

Germany Demands Further Concessions in China.

PEKIN, Feb. 1.—Germany has demanded further concessions in the shape of railroads in the Shan-Tung peninsula, as compensation for the assassination of Sailor Schulz, who was murdered by a Chinese mob while on sentry duty.

LONDON, Feb. 1.—According to a special dispatch from Shanghai, the critical point of the Chinese loan negotiation was Great Britian's insistence that the British should always remain at the head of the Yang-Tse-Kiang valley customs and assume their full administration in case of default. The dispatch adds that several thousand Russian troops, which have been guarding the Trans-Siberian railroad, have entered Manchuria with the consent of the Pekin authorities.

MAY INTERFERE.

Government Advised to Restrict Klondike Travel.

No Placer Mines Found Within the Past Eight Months and No Work Nor Provisions There.

WASHINGTON, Feb. 1.—The war department is in receipt of dispatches from Captain Ray, now investigating the condition of gold seekers in Alaska. The following is the substance: The latest, bearing date of November 2 and 3, recommend that the United States government take steps to effectually check immigration to the interior of Alaska of all persons not fully supplied to last two years, and gives as a reason no way to earn a living and that no placer discoveries have been made within the last eight months, either in Alaska or the northwest territory. There is no employment for any large number of people in any capacity. All values are speculative. There is no fixed standard for labor. There is not now or likely to be within twelve months adequate or efficient means of supplying the people now of Alaska or the northwest territory. Seven per cent. of all the people who have entered during the past year have not earned their living and hundreds are now scattered along the river destitute of food, clothing and money. People coming in have not the faintest conception what to do to earn a living, and after spending their money, they become dazed and helpless. There will undoubtedly be a great rush next year and any step that will prevent people from coming in their ignorance, will be an act of charity. In view of recent developments and the knowledge that the lawless are banding together along the river for the purpose of robbery, it isuggested that the government place on the river small light draft steamers, with high power, armed and used to patrol the river, and the placing of detachments as the movement of people demands.

BOUGHT THE SALVAGE.

A Chicago Grain Dealer Makes a Good Trade.

ST. LOUIS, Mo., Feb. 1.—E. P. Mueller, a Chicago grain dealer, has bought the salvage of 1,163,558 bushels stored in the Union elevator which burned one week ago. He is said to have paid not less than $100,000 for the entire salvage, subject to the elevator charges. Experts who have examined the salvage declare that not less than 65 per cent. of the grain can be taken from the elevator ruins in fairly good condition.

OFF FOR KLONDIKE.

A Party of New Englanders Who Want Gold.

SEATTLE, Wash., Feb. 1.—A party of thirty-four from Stamford, Conn., have arrived here and have purchased the schooner Moonlight, on which they will sail next Thursday for the mouth of the Copper river. They have with them a snow sled with a twenty-horse power engine. The sled weighs about seven tons and is propelled by a stern wheel fitted with spikes to eaten in the ice, with paddles for snow.

LIVES LOST.

An English Steamer Wrecked at Guernsey.

PLYMOUTH, Feb. 1.—The Channel Queen has been wrecked off the Island of Guernsey. Out of sixty-five persons on board the vessel, only twenty-one succeeded in reaching shore in safety.

Reindeer for the Klondike.

NEW YORK, Feb. 1.—The Thingvalla line steamer Hekla, which arrived today from Copenhagen, Christiana, Christians and Shields, brought thirty-five reindeer for the Klondike. The original shipment was forty-two animals, of which seven died on the passage.

FATAL FIRE.

Five Lives Lost By the Burning of a Hotel.

Three of the Unfortunates Were Hoosiers.

E. F. Kimball, Wife and Daughter in the List.

Were Residents of Indianapolis and Well Known--Miss Kimball Was to Be Married Soon.

GLOVERSVILLE, N. Y., Feb. 1.—The Alvord house, a five story brick structure, the largest hotel in the city, is burning, and will be a total loss. The fire was discovered at 7 o'clock this morning. Every room was occupied, and five lives were lost. The list is as follows:

Henry C. Day, of Gloversville.
Bell Boy Rupert.
E. C. Kimball, wife and daughter, of Indianapolis.

The loss to the property will reach $100,000.

INDIANAPOLIS, Ind., Feb. 1.—E. F. Kimball, of this city, who, with his wife and daughter, is reported to have lost his life in a burning hotel at Gloversville, N. Y., was well known in local business circles. He was a member of the Columbia club and the New England society. Mrs. Kimball and daughter were expected at their home in the "Blacherne" in a few days. Both were identified with the charity work here and it is understood that Miss Kimball was engaged to marry a young man in the northern part of Indiana. Mr. Kimball was a traveling agent for a glove concern at Gloversville.

NATIONAL GOSSIP.

A Senator Squares Himself With His Constituency.

Mr. Clark, of Wyoming, Will Not Be Driven Out of the Republican Party --House Proceedings.

WASHINGTON, Feb. 1.—Rev. Hugh Johnston, pastor of the Metropolitan M. E. church, Washington, delivered the invocation at the opening of the senate's session today.

Mr. Clark, republican, of Wyoming, presented, as a question of personal privilege, a dispatch from his state published in eastern newspapers to the effect that Henry G. Hay, chairman of the Laramie county republican committee, had resigned because of the votes cast by the Wyoming senators for the Teller resolution. Mr. Clark said that so much had been said concerning the votes of Wyoming's senators, and as to the significance of those votes, that he deemed it wise to make a statement. He expressed surprise that the motives and designs of those voting for the resolution should have been impugned. He said that the attempt made to commit the republican party to a line of policy never laid down and never contemplated by that party, and the further effort to read out of the party those republicans who voted for the resolution would fail. As for himself he declined most emphatically to be read out of the republican party and was satisfied that the masses of that party would never convict him of political heresy on account of his vote. Mr. Clark thought that the democrats ought, in view of their record, to have supported the Nelson amendment providing that gold and silver coins should be maintained at a parity. He thought that the vote he had cast was no stain on his political party honor and his vote for the Nelson amendment was cast as a protest against silver monometallism. He felt that his vote was in line with the republican policy outlined at St. Louis. He was earnestly in favor of international bimetallism and was as earnest as any man in the chamber in his efforts to maintain the national honor. He felt that to the republican party might be entrusted the duty to solve the financial question. That solution would not be on the line of gold monometallism nor on the line of silver monometallism, but on that of bimetallism — international or otherwise. Sooner perhaps than many expect, bimetallism would be a reality and the time would be here when gold and silver would be received on equal terms at the mints and every dollar of the government would be maintained at an equal value and use with every other dollar. That, Mr. Clark concluded, was one of the missions of the republican party and it would be performed with honesty and fidelity.

The resolution of Mr. Pettigrew, of South Dakota, declaring it to be the policy of the United States not to acquire territory to defend which a navy will be required, went over until tomorrow at the request of the author.

Mr. Morgan's resolution, presented yesterday, calling upon the president for correspondence and information relating to the arbitration of the Bering sea claims, was adopted.

The senate [illegible] on motion of Mr. Davis, chairman of the foreign relations committee, went into executive session

IN THE HOUSE.

A Bill to Put a Revenue Cutter on the Yukon.

WASHINGTON, Feb. 1.—The military academy appropriation bill was reported to the house today. The anti-civil service reformers won a slight victory when Mr. Perkins, republican, of Iowa, presented a resolution for printing the hearings before the civil service committee. Mr. Grosvenor antagonized the resolution. He said the hearings had taken an exparte turn, and he desired to submit some facts in refutation of certain statements before the hearings were printed. Mr. Perkins, however, refused to withdraw the resolution until the house, by a vote of 55 to 90, had refused the previous question. He then yielded.

A bill was passed authorizing the secretary of the treasury to build or purchase a suitable vessel for revenue cutter service on the Yukon river, to cost not exceeding $40,000.

A resolution was adopted, which requested the secretary of war to submit to the house the report of C. McD. Townsend, of the corps of engineers, dated December 13, 1897, concerning certain proposed improvments of St. Joseph and Benton Harbors, Michigan.

The senate resolution for the relief of ex-Senator Call, of Florida, was adopted.

At 12:30 the house went into a committee of the whole and resumed consideration of the District of Columbia appropriation bill, which was begun on Saturday.

IN THE COURTS.

The Hearing of Dr. Rauch's Case Continued.

Brown Damage Suit Goes to the Jury--Sheriff Melching Returns--The Court News.

The hearing of the case against Dr. A. J. Rauch, charged with a criminal operation, was called in Justice France's court today, but on motion of the prosecution was continued until next Saturday, owing to the fact that Emma Manet, the prosecuting witness was too sick to appear in court. The defense insisted on an immediate hearing.

SHERIFF MELCHING RETURNS.

Sheriff Al. Melching returned from Michigan City bringing with him Mathias Funk, who is now in jail awaiting a new trial. Sheriff Melching saw several former Fort Wayne citizens who are spending their days in the prison, among them Claud Smith, who is doing quite well in the cooper shop, and Charles Glessner, who has a soft thing as attendant in charge of the bath rooms.

GOES TO JURY

This afternoon Judge Heller delivered his instructions to the jury in the Brown damage suit against the city and the twelve men retired to make up their verdict.

THE JURIES FOR FEBRUARY

The following citizens have been drawn for service as grand jurors for the February term: Henry G. Doctor, Adams township; Morgan Harrod, Madison; Harlan Saylor, Perry; William H. Kelsey, Aboite; James Nuttle, Milan; Frank Lamont, Jefferson.

Following is the petit jury for the circuit court, February term: John G. Felger, Marion township; Henry Berning, St. Joseph; Gottlieb Schauper, sr., Adams; John Maloney, Eel River; Christian Gebert, St. Joseph; Benjamin McIntosh, Madison; John Greim, city; James Woods, Pleasant; Henry Scheppelmann, Maumee; William Brindle, Lafayette; John J. Mungen, city; John Rapp, Lake.

OTHER COURT NEWS.

The attachment suit of Jennie A. Trentman vs. Thomas H. Groves has been settled and dismissed from the superior court. The same plaintiff has begun a suit against the same defendant for $324 damages.

In the superior court Marvel Woodruff has been given judgment in foreclosure proceedings against Margaret Rothgeb, et al., for $2,261.

HEAR END COLLISION.

A Snow Plow Dashes Into a Caboose at Bay City.

BAY CITY, Mich., Feb. 1. — A Detroit and Mackinac snow plow loaded with men, ran into a caboose in the yards at North Bay City this morning. Four men, Sylvester Loeffler, Morris Elster, James Ruel and Edward Cook, all of East Tawas, were jammed into the wreck. All were badly hurt. Ruel may die.

HE WAS DESPONDENT.

A Former Minister to Brazil Kills Himself.

SANTA ROSA, Cal., Feb. 1.—Thomas L. Thompson, ex-United States minister to Brazil, committed suicide here this morning by cutting his throat. Despondency is supposed to have been the cause.

Mr. and Mrs. Littlejohn, of 19 Poplar street, yesterday celebrated the twenty-fifth anniversary of their marriage. They were the recipients of a number of presents among them being a handsome silver tea set from their sons.

A JUDGE GONE.

Death Beckons to C. A. O. McClellan.

Succumbs to Injuries Received By a Fall.

The End Came as a Shocking Surprise to Friends.

Thus Passes Away an Ex-Congressman, Jurist, a Banker and a Noble, Generous Man.

AUBURN, Ind., Feb 1.—This community was shocked this morning to learn of the death of Hon. Charles A. O. McClellan, former congressman from the Twelfth district, jurist, banker and business man and the most distinguished citizen of Auburn

Death came to Judge McClellan a few minutes before midnight. He had been in ill health for some months, the consequence of a fall he received last autumn, but lately he had appeared to be much improved and his family and friends were hopeful of his recovery. Last night he was suddenly taken worse and his son, Charles, was summoned, reaching the bedside as the end came.

HON. CHARLES A. O. MCLELLAN.

A DISTINGUISHED CAREER.

Judge McClellan's sturdy, conservative character came from a parentage well calculated to bestow such qualities. His mother was of German descent and his father of Scotch-Irish extraction. They were residing at Ashland, Ohio, when Charles A. O. McClellan was born, May 25, 1835. The father was a mechanic and engaged in that pursuit until near the close of his life. In his youth Judge McClellan was apprenticed to the trade of his father, but was given such advantages of education as could be afforded him. He contrived to learn penmanship, becoming so expert that he was able to teach it, which he did in winters for two years. In 1856 Judge McClellan came to Auburn, where he had an uncle, at that time auditor of DeKalb county. He was appointed deputy auditor, serving in that capacity four years, in the meantime prosecuting the study of law.

Judge McClellan was married in the fall of 1859 to Elizabeth A. Long, daughter of Samuel D. Long, one of the pioneers of DeKalb county. To this union three children were born: Jennie L., now wife of Don A. Garwood, of Danville, Ill.; Della, now wife of Dr. E. L. Siver, of Fort Wayne, and Charles, of this place.

After holding various public positions of more or less importance Judge McClellan was in 1862 admitted to the bar to practice law, forming the next year a partnership with Judge James I. Best, of Waterloo. In 1872 he was appointed judge of the fortieth judicial circuit of Indiana. He was a man of high public spirit and his activities were numerous and of immense good to his community. He was a stockholder and director in the Fort Wayne, Jackson and Saginaw railway, was one of the projectors and builders of the Star flouring mills in Waterloo, afterwards destroyed by fire, and established the DeKalb county bank in Waterloo in 1883 and in 1885 became president of the First National bank at Auburn. In 1890 Judge McClellan moved with his family to Ann Arbor, Mich., to remain while his children finished their education

POLITICAL HONORS.

On the 9th day of August, 1888, at Kendallville, Ind., he was nominated on the fourteenth ballot, by the democratic party, as its candidate for congress in the Twelfth congressional district. The Hon. R. C. Bell, P. S. O'Rourke, M. V. B. Spencer, of Allen county, C. K. Green, of Noble, and William F. McNagny, of Whitley, were candidates in the convention. Judge McClellan was successful at the election by a plurality of 1,311 votes over the Hon. J. B. White, the republican candidate

Judge McClellan was unanimously renominated for a second term and elected to the Fifty-second congress, receiving 4,050 votes more than J. M. Babcock, the republican nominee, this being the largest plurality ever given in the district

In congress Judge McClellan attracted attention at once as a watchful, conservative and hard-working member. During his second term he introduced a bill for a graduated income tax and made a speech in support of his measure that was and is yet regarded as one of the strongest presentations of the question that has ever been made in congress. He was given prominent places on committees and was chairman of the committee on expenditures in the navy department

Judge McClellan was prominent in the circles of masonry and had served as eminent commander of Apollo commandery of Kendallville He was a mason of the thirty-second degree and a noble of the Mystic Shrine

JUDGE MCCLELLAN'S FUNERAL

The funeral of the late Judge McClellan will take place in Auburn Friday afternoon, at 1 o'clock. His friends from this city will be enabled to attend and can leave here on the Lake Shore road shortly before noon and return at 4 o'clock. No details of the obsequies have yet been received in this city.

BROKE HER LEG.

Sad Results of a Fall to Miss Louise Rosa.

SAVANNAH, Ga., Feb. 1.—Miss Louise Rosa, a member of "A Milk White Flag" company and sister of Patti Rosa, fell into a furnace chute in the Savannah theatre last night, breaking her leg. She fell six feet. The fall will lay her up for quite awhile.

A RAILWAY DEAL.

Three Chicago Freight Lines United in One.

The Stock Yards Company Advance a Step in the Absorption of Competitive Lines.

CHICAGO, Feb. 1.—A consolidation under one management has been affected by three of the Chicago transit freight lines, under the title of The Chicago Junction Railway company. The new system unifies lines that have heretofore been competitive. It is practically an extension of the facilities of the Union Stock Yards and Transit company, which is the nucleus of the consolidated system. The consolidation places the company in better competitive condition with the Western Indiana and Calumet terminal. The consolidation is a step farther in the recent absorption of the Chicago, Hammond and Western by the Stock Yards company, the third addition being the Chicago and Indiana State Line railway. John A. Spoor is president of the consolidated line.

CARRIERS WIN.

Court Decides in Favor of Charles Langston.

The Suit Has an Important Bearing Upon Others to Follow--Thousands of Dollars Involved.

NEW ORLEANS, Feb. 1.—Judge Swayne, of the United States circuit court of appeals of the fifth circuit, today decided the letter carrier case involving the question of pay for overtime due to Charles Langston, a letter carrier of Anniston, Ala. The opinion of the lower court was modified but the main issue, in favor of the carriers, was confirmed. Judge Swayne eliminated the judgment for compensation for the half hour "swings," in which the letter carriers were not actually employed at work about the postoffice. The whole amount of the case involved was less than $100, but the decision has an important bearing upon others depending upon it, amounting to many thousands of dollars.

VESEY IS THE MAN.

Unanimously Chosen District Chairman.

For Once the Republicans Have Harmony.

Only One Name Presented to the Convention.

Mr. Vesey Returns Thanks for the Honor--Hon. R. S. Taylor and Others Talk to the Delegates.

The eighth wonder of the world has finally been uncovered.

The republicans of the Twelfth congressional district held a harmonious convention

The truth stated, however, it was hardly necessary to hold the convention, as the affair had all been cut and dried hours before the delegates were called to order, and the program was carried out to the letter

Immediately on calling the convention to order Sol A. Wood asked for nominations for permanent chairman and the honor went to Hon. J. W. Baker, of Columbia City, who had been previously agreed upon. The bosses killed two birds with one stone in this action. They partially rewarded him for the work he has done for the party in the past and hit Postmaster Williamson, of Columbia City, quite a blow on the solar plexus. And Mr. Baker enjoyed it, too, never allowing an opportunity to pass to force upon the mind of Mr. Williamson that he was running the convention.

J. S. Conlogue, of the Kendallville Sun, was unanimously chosen to act as secretary.

Nominations for district chairman were then called for and to the surprise of the delegates, but not to the bosses, Attorney J. B. Harper arose in the seat alloted to Robert B. Hanna and placed the name of W. J. Vesey before the convention as the unanimous choice of Allen county for district chairman. Bob was there, but it wouldn't be unanimous if he had a vote so he was induced to hand his proxy to Mr. Harper.

The countenances of the delegates from the outside counties were a study. First they were dazed, then amazed and finally happy in the knowledge that Allen county was presenting a candidate who was the unanimous choice of the delegation.

The visitors began to recover one at a time and finally L. W. Welker, of Albion, arose and seconded Mr. Vesey's nomination, explaining that he was the unanimous choice of his county for the place. Then Hon. E. G. Melendy, of Steuben, realized the truth and he, too, seconded the nomination. One after another, Hon. William Knisely, of Whitley; Amos Walters, of this city; Hon. F. D. Merritt, of Lagrange, and Sol A. Wood, of Angola, said pretty things about Mr. Vesey until he blushed like a maiden. Mr. Wood moved to make the nomination unanimous and this, of course, was done.

Mr. Vesey was called from his hiding place behind Bob Hanna, who had never escaped his watchful eye, and apologized to the convention for blushing, asserting that he couldn't help it owing to the encomiums that had been heaped upon him. He thanked the convention, and asked not only for their support, but for the advice during the progress of the campaign of each and every republican in the district. And he'll get it, too.

Senator Gilbert and Hon. F. D. Merritt made the old stereotyped speeches, while Editor Lane went down street and hurried along Hon. R. S. Taylor, who was on the program for a speech, but never anticipated any such thing as harmony in the convention. Mr. Taylor was applauded when he entered and immediately commenced his speech.

Major Wilson and Colonel Higgins were there, but their work had been done before the convention and they kept quiet.

heavy pass[illegible] to be hauled at t[illegible] ized, or when the speed is [illegible]ited by the steaming capacity of the boiler, there is a considerable reduction in the water to be evaporated, and hence less difficulty in maintaining the pressure. While the cylinder repairs are increased, or perhaps doubled, the boiler repairs are greatly reduced, thus reducing the total expense, because the boiler repairs are the main item."

MAY HAVE NEW TERMINALS.

The Toledo Bee says: "In view of the fact that the Wabash people are surveying a line between this city and Montpelier, and that the road is likely to open up a new Toledo-Chicago line, there are many speculations as to the location of passenger terminals in this city. It is claimed that whenever the Wabash establishes a line that will be in direct competition with the Lake Shore, the contract by which the Wabash is permitted to use the Union depot will become null and void, and that the road must then seek other passenger terminals. It is believed that the Wabash will form a combination with the Ann Arbor, using the passenger station of that road at the corner of Cherry and Seneca streets. Should such an arrangement be brought about, then it is believed that eventually the Wheeling and Lake Erie will come into the terminal combination which would then include the Ann Arbor, Wabash, Flint and Pere Marquette, Detroit, Toledo and Milwaukee and the Wheeling and Lake Erie."

LAKE SHORE CHANGES.

The changes at the Lake Shore depot, mentioned over a week ago in THE SENTINEL, became effective this morning. P. C. Liggett assumed his new office in the Chicago depot of the company and Ora M. Ramey has been installed as ticket salesman at this point.

PERSONAL AND OTHERWISE.

Nickel Plate Conductor William Smart is taking a few days' rest.

Robert John is sick and W. Morris is taking a few days rest. Both are Nickel Plate engineers.

F. Tegeder has recovered from his recent illness and this morning resumed work in the Pittsburg copper shop.

Mrs. Stetter, wife of Louis Stetter, of the Pittsburg tank shop, has gone to Preble, Ind., to see her brother, who is lying very ill.

On account of the sickness of some of his children, H. Jacobs, an employe of the Pittsburg lumber yards, is kept from his work.

Foreman T. J. Rodabaugh, of the paint department of the Pittsburg shops, is in Chicago today on business connected with his office.

David Murray, a blacksmith employed in the Wabash shops, has recovered from injuries received a few days ago and is working again.

J. C. Hesslen, J. J. Auth and W. P. Morris, Nickel Plate brakemen, have resumed work after a few days' absence. The latter had been sick.

Frank Davis, Nickel Plate fireman, is off duty on account of sickness. Frank Maloney, also a fireman on that road, is enjoying a brief vacation.

Fred Woehr, of the Pittsburg tank shop, was struck on the leg yesterday, injuring the limb so that he was obliged to quit work for a few days at least.

J. E. Allen, an extra conductor on the Nickel Plate, who was stationed at Bellevue, has been transferred to this city, and yesterday moved his family here.

Two surveying corps are now engaged in locating a line for a railroad between Akron and Ravenna in the interests of the Northern Ohio railroad, a Brice line.

Receivers Cowen and Murray, of the Baltimore and Ohio railroad, today petitioned the circuit court of the United States for permission to lease 3,150 additional box cars.

John Zimmerman and John Keese, boilermakers in the employ of the Wabash, went to Ashley this morning, to work temporarily in the company's shops at that point.

John Rupp and John P. Schmidt, of the Pittsburg blacksmith shop, are off duty today on account of the death of a relative. H. P. Jensen, of the same department, is sick.

Commencing today the messengers of the American Express company will also act as baggagemen on the trains of the Monon between Indianapolis and Chicago and between Louisville and Chicago.

John H. Crawford, the new general manager of the Lackawanna line, has decided to make Chicago his headquarters. Heretofore the headquarters of the general manager of that line has been at Buffalo.

George M. Bennett, aged seventy-two years, and the oldest engineer on the Baltimore and Ohio Southwestern, retired from that position last week, and, with his wife, has gone to Florida on an extended visit. He had been on the pay rolls of that road fifty years.

The Pennsylvania snow plow went out this morning to clear the tracks west of this city of several big snow drifts. This is the first time this winter that the snow plow has been called into service hereabouts. Last week it was engaged in a similar task west of Valparaiso.

A circular which bears the signatures of all the local freight agents, informs the shippers of Fort Wayne that after this date their respective freight warehouses will be closed at 5:30 standard time, and that no freight will be received there after that hour. Similar rules are in force in all the other cities.

A peculiar accident happened yesterday to Oscar Johnson, a Wabash fireman. When he jumped off the cab steps at Peru he slipped upon some ice and severely sprained the muscles of his neck. The injury was so painful that he had to give up his run and it will probably be several days before he will be able to resume work.

Bluffton News: "The Fort Wayne gas pumping station has stepped in line with another accident. Sunday Fred Barchard, the boss painter of the station, was standing on a scaffold about six feet from the ground, when he fell. In falling he struck so that two of his ribs were broken. Barchard is from Fort Wayne and has been boarding at Spake's. He is a married man and was taken home this morning on the train."

Engineer M. McCarty, of the Nickel Plate, and a friend, were hunting in the neighborhood of Claypool yesterday, returning to the city on the local freight train last evening. As the Nimrods, with their hunting paraphernalia, alighted from the train they presented a formidable appearance. One of the train crew callers, who was on the scene, took an inventory of so much of the outfit as was in sight, and the following is the result: Two men, two guns, two revolvers, one hatchet, one butcher knife, six dogs, one a pug; four ferrets and three rabbits. The latter were dead and so shopworn that hardly enough hair remained to indicate what particular family of the animal kingdom they belonged to.

JOINT INSPECTION.

The Pennsylvania and the Nickel Plate Adopt New Methods.

To Expedite the Interchange of Freight Cars One Inspector Will Act for Both Companies.

The Pennsylvania and the Nickel Plate have established a joint car inspecting system at this point for the purpose of facilitating the handling of cars which are transferred from one line to the other and to prevent the annoying delays which, under old methods, were constantly occurring. By mutual consent it was arranged that the inspections should be made by Nickel Plate men and their decision should be "law." To illustrate: Several cars are turned over to the Nickel Plate by the Pennsylvania company. The inspector looks over the lot and finds one unfit for services. He marks it "shop" and it is cut out of the string, taken to the Pennsylvania company's shops and repaired. The same would occur were the cars being turned over to the Pennsylvania from the Nickel Plate expect that the repairs would be made by the latter company. At the close of each month the Nickel Plate will render a bill for inspecting cars to the Pennsylvania company and settlement will be duly made. This system of inspecting cars will, no doubt, be extended until it takes in all the lines reaching this city. It is conceded to be the most expeditious and economical method yet devised and is successfully operated in many other railway centers.

ABOUT THE COMPOUND ENGINE.

J. S. Thurman, mechanical engineer of the Missouri Pacific railway, is of the opinion that the compound engine will become the standard American locomotive. Here is what he said upon this subject, at the St. Louis Railway club, a few evenings ago: "I think the trouble that has been experienced with the compound engine and the reason it has not been adopted by more roads than at present is because the builders have been designing these engines and selling them to railroad companies. The railroad men take a certain amount of pride in what they have designed themselves, and they maintain that they can overcome the defects that are found in them. These matters take time, and we are not yet really prepared for the change from simple to compound locomotives. But my opinion is that the features embodied in the compound engine are essentially correct, and, with the slight modifications that may be found necessary I believe it will become the standard American locomotive."

At the same meeting and upon the same subject, Prof. J. B. Johnson, of Washington university, said: "With reference to the future of the compound locomotive, my opinion is the compound loco motive has come to stay. It is peculiarly adapted to American conditions. With heavy loads at moderate speed, it certainly does save from 15 to 20 per cent of the fuel cost, as now built and operated, and this is a considerable item. On light trains or on high speed service there is little saving of fuel, but where

FOR ONE YEAR

There Will Be Peace Among Glass Men.

Indiana Labor Commission Effects a Settlement at Kokomo, Elwood and Anderson.

ANDERSON, Ind., Feb. 1.—The Indiana labor commission has affected a settlement for one year among the thousand workmen in the Elwood and Kokomo plate glass plants and the Pittsburg glass company. In this city agreements were entered into on wages and working regulations and articles drawn up covering a year. It will be filed in the county courts here and at Kokomo tomorrow and it will be regarded as a civil action, violation of which during the year by either workmen or the company will be considered and punished as a contempt of court. The Elwood plant resumed today with 660 men. Such an agreement as entered into is a new feature of up-to-date labor commission intervention.

IN CONTEMPT.

Alaskan Miners Refuse to Surrender Property to a Receiver.

SITKA, Alaska, Jan. 21, via SAN FRANCISCO, Feb. 1.—The Nowell Gold Mining company, next to the Treadwell, is with all its stamp mills and properties, the largest gold mining concern in Alaska. Owing to the alleged mismanagement the company went into the hands of a receiver. The employes of the Berners Bay Mining and Milling company, one of the company's properties, refused to surrender to the receiver. The court adjudged the employes in contempt, and the deputy United States marshal has gone to Berner's Bay to make a final demand for the surrender of the mine. The latest news from Berner's Bay is that the difficulty is in a fair way to peaceful adjudication. Boston, New York and San Francisco capital is interested in the Nowell Gold Mining company. The assets of the company, according to the receivers' account, are $3,341,020, and the liabilities $1,046,806.

LOST HIS MIND.

A Boston Boy Who Shipped as a Seaman Returns Demented.

ASTORIA, Ore., Feb. 1.—Amos Stone, the son of a Boston jeweler, living at 45 Main street, Charlestown, Mass., shipped on the American ship George Stetson, at Baltimore, as an ordinary seaman, and arrived here a few days ago. He was taken to the hospital in a partially demented condition. It is said that his mind became affected while he was on the United States training ship Enterprise.

The Discovery of the Day.

Aug. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. F. Campbell, merchant of Safford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails, and is a sure cure for Consumption, Coughs and Colds. I cannot say enough for its merits." Dr. King's New Discovery for Consumption, Coughs and Colds is not an experiment. It has been tried for a quarter of a century, and today stands at the head. It never disappoints. Free trial bottles at Dreier Bros. drug store.

Robbed the Grave.

A startling incident of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated pain continually in back and sides, no appetite, gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying "Electric Bitters," and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cents per bottle at Dreier Bros.' drug store.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns and all skin eruptions and positively cures piles, or no pay required. AT THE TEMPLE.

"Under the Red Robe" Pleased a Large Crowd—"At Gay Coney Island" Tonight

One of the largest audiences of the present season greeted the first presentation in this city of "Under the Red Robe," last evening at the Temple theater. The play itself is an evenly balanced, compactly constructed and powerful drama of the romantic school. The company is one of the best seen here this season, but Mr. Morris as Gil de Berault and Miss Hampton as Ronce de Cocheforet were superb. Their renditions were the height of dramatic art. Edwin Thanhouser, formerly of this city, was warmly greeted by many old friends whose interest and applause he merited by an excellent interpretation of the only comedy part in the drama. "Under the Red Robe" is altogether one of the most satisfactory things the Temple management has presented.

"AT GAY CONEY ISLAND."

Tonight Mathews and Bulger will be at the Temple in a return engagement of "At Gay Coney Island," one of the best and cleanest farce comedies on the road.

TO MAKE GUNPOWDER.

American Spirits are Being Exported in Large Quantities to Japan.

PEORIA, Ill., Feb. 1.—Within the past few days hundreds of gallons of spirits have been shipped from Peoria to Japan to be used in the manufacture of smokeless gun powder. The spirits play an important part in the process and local houses have found an excellent market for [illegible] goods.

TWO ROUTES.

Three Days to California via Wabash Line—"The California Limited"—"The Sunset Limited."

The "California Limited" runs via the Santa Fe route from Kansas City to Los Angeles, leaving Kansas City every Tuesday, Thursday and Sunday mornings after arrival of "Wabash Cannon Ball." The "Sunset Limited" runs via the Iron Mountain Route from St. Louis to San Francisco, via Los Angeles leaving St. Louis every Tuesday and Saturday evenings after arrival of "Wabash Cannon Ball." The "Wabash Cannon Ball" leaves Fort Wayne at 12:35 p. m. (noon) and runs through to Kansas City, via St. Louis, without change, reaching St. Louis at 10:15 p. m., and Kansas City at 7:15 a. m. This train carries Palace Buffet Sleeping and Reclining Chair Cars to Kansas City. By the Wabash the quickest possible time is made, and passengers have but a single Union Depot change of cars either at St. Louis or Kansas City.

Through sleeping car reservations and general information cheerfully given on application to R. G. Thompson, Passenger and Ticket Agent Wabash R. R., Fort Wayne, Ind.

P. S.—Elegant descriptive advertising matter of these two great "Overland Flyers" furnished when desired. Both trains carry Dining Cars running through to the "Land of the Setting Sun." 27f10

SETTLES NERVOUS BANKRUPTCY

Statistics show that ninety-five per cent. of all persons engaged in business in the United States fail. Investigation shows that men who succeed are men of brains, strong nerves, great will-power. Ordinary food and drink cannot supply the vital force which people with active brains and body require. **Bicola Pills** feed the nerves, make the mind bright, muscles strong. MAKE FLESH AND BLOOD and new energy, and give perfect manhood with all that perfect physical condition means. **Bicola Pills** are a great tonic for WOMEN—they give health and strength to the special organs and nerve centers. THE TURNERS of PHILADELPHIA make **Bicola Pills.**

A. J. Barr, Chief Clerk, National Hotel, Washington, D. C., writes as follows: "I was all run down, and so upset and troubled with sleeplessness, pain in the back, with a shadow of my former self. Your **Bicola Pills** have given me more wonderful relief. I have gained over twenty pounds, have a good appetite, sleep well and am doing my own work."

Turners' Little Liver Turners—A very small pill. Turns your Liver. Cures Sick Headache. Biliousness. Only 1 a dose.

Fort Wayne Agents.

THE GREATEST GROCERY.

Frank Falker returned this morning from Chicago.

Ed M Wilson has returned from a business trip to Findlay, Ohio.

Born, to Mr. and Mrs. Charles Sommers, of 70 Chicago street—a son.

Revival services will be held tonight at Heidelberg Reformed church.

Miss Celia Federspiel, of New Haven, is the guest of Miss Anna Ehinger, of 250 Clinton street.

Master Charles Lill is confined to his home, 50 St Martin's street, with rheumatism of the heart.

The W. I. B.'s and their friends will dance at the Zollinger battery armory, over the White Fruit house, tomorrow night

Conrad Tremmel, who was run over by a wagon a couple of weeks ago, is reported by Dr. Kesler to be much better. He is now able to sit up at times.

Mr. and Mrs. Joseph Auth, of West Fourth street, entertained at a dinner party Sunday in honor of Mr. Auth's birthday. Covers were laid for ten.

Mrs. Joseph Mills and son, of Chicago, who have been visiting her father, Wm. Dunfee, of West Washington street, for a month, returned home this morning.

The Rathbone Thimble circle will be entertained tomorrow afternoon by Mrs. Otto Strodel, at her home, 54 East Main street. All Rathbone sisters are cordially invited.

The Baptist Young People's union will meet this evening at 7:30 o'clock and hold their regular monthly business session. All members are requested to be present.

Wayne Tent, No. 54, K. O. T. M., will give an entertainment and dance tonight at Schroeder's hall, on Broadway. The dramatic company will present "The Hickory Farm."

Mr. and Mrs. George Leamly, of 154 Clay street, will leave in the morning for Greenville, Ohio, where they will become the guests of Mrs. Leamly's parents, Mr. and Mrs. D. F. Paul.

Dr. W. H. Myers read a very interesting paper on "The Supernatural" at the meeting of the Fortnightly club in the public library building last night. The discussion was participated in by Rabbi Cohn and other members of the club.

Miss Helen Melon entertained a number of her friends last evening, the occasion being her birthday. Music and games were among the features of the evening. The rooms were exquisitely decorated in carnations and ferns. A dainty four course luncheon was served at a late hour. Music was furnished by Lauterbach's famous orchestra.

A dozen or more of the best checker players in Fort Wayne are taking part in a checker tournament in Cap. Collars' barber shop on Barr street. Each player contests five games with every other player and nobody is barred. It will take several weeks before the winner can be determined, the contestants up to date being rather evenly matched.

STARTS THAT WAY

But This Article is Not a Patent Medicine Ad.

A certain grocer of Evanston, Ill., had a curious experience lately, and one that he will not readily forget. Mr. P. H. Kles, of 614 Dempster street, was compelled to call in Dr. Dakin, a well known physician of Evanston, in order to find, if possible, why he was becoming, day by day, more dangerously ill, and there seemed to be no way to stop the progress of the trouble. He reached a point where it was a critical question whether he could recover or not, when Dr. Dakin advised him that the symptoms indicated that he was being slowly poisoned by the use of coffee. If a bombshell had been exploded in Mr. Kles' front room it would not have created any more surprise and consternation.

Willing to do anything the doctor advised, in order to regain health, he agreed to leave off common coffee and take a cereal coffee. It seems that Mr. Kles had on his shelves the original Postum Cereal Coffee and four brands of imitations of Postum. At the doctor's suggestion, a sample of each were given to him, which were taken home for analysis.

After careful trial of each and thorough analysis, the doctor recommended Postum as the one cereal coffee that contained the elements of nutrition needed, and thereupon Mr. Kles at once left off the use of common coffee and took on Postum. His return to health was rapid, and it is needless to say the customers of that grocery store frequently hear a good word from the grocer or his clerks in regard to the famous Postum Food Coffee.

There are hundreds of cases, somewhat similar to this one, in which people have been running down in health for varying lengths of time and have been unable to determine the cause of the trouble. It is a trouble that does not seem to yield to medicines or to treatment of any kind. The true remedy for a generally run down condition, is to abandon coffee drinking and take on Postum Cereal Food Coffee, which goes directly to work to rebuild broken down nerve tissues throughout the human body

MUNICIPAL AFFAIRS.

Councilmen Visited Spy Run This Morning.

Mayor Scherer Has an Uninteresting Police Court—Ison Carey Again in Trouble—Lieutenant Lapp's Report.

The council committee of the whole, of which Councilman Hagg is chairman, this morning visited Spy Run for the purpose of viewing the suburb, which has petitioned to become a portion of the city. Once before a petition for the annexation of Spy Run was filed with the council, but a remonstrance contained the names of a big majority of the residents of the suburb and the council acted in favor of the remonstrants. This time a majority of residents have signed the petition for annexation, but a number of councilmen express themselves as opposed to the taking in of the territory. The committee of the whole will report to the next council meeting

GARBAGE CONTRACTS.

The board of public works will advertise for bids for the caring for the garbage during the coming year. The bids will be opened February 10th, but the contracts of the present garbage men do not expire until February 20th. There are four garbage wagons in use during the entire twelve months of the year and during the summer months two additional wagons are on duty.

POLICE COURT.

The police yesterday afternoon arrested Ben Carey, who is wanted at Bluffton for beating a hotel bill. Carey is the man who deserted his wife and was arrested on Main street some months ago, where he was living with a young woman. Marshal Crosbie, of Bluffton, came to the city on the 11:40 train today and this evening took Carey back with him.

Henry Schulte arrested for climbing on cars, was ordered out of the city by the mayor

Charles Baley and John Coline, vagrants, and Francis Wade, a train climber, were all sent over to jail.

August Reis was arrested for selling Burdock root oil without a license and was sent to jail.

MONTHLY REPORT.

Lieutenant Lapp has compiled the following report of the doings of the police for the month of January:

Climbing on cars in motion	
Intoxication	
Selling liquor without a license	
As-ault and battery	
Petit larceny	
Vagrancy	
Carrying concealed weapons	
Being a tramp	
Entering a house to commit felony	
Runaway boys	
Trespass	
Criminal operation	
Gambling	
Total	

Tramps lodged in the station during the month of January, 273.

TWO STRIKES.

Contractor Stewart and the Wayne Club Have Trouble.

Yesterday afternoon the planers employed by Stewart & Co., court house contractors, went out on a strike. Mr. Stewart claims that he discharged one of the planers for spoiling a stone and the other planers demanded his reinstatement and when he refused to grant the request they walked out. Two of the men called on THE SENTINEL this morning and stated that they did not object to Mr. Stewart discharging the man or any other man, but they did object to his compelling them to pay for the accidental spoiling of a stone. They assert that they should be discharged, but not compelled to pay for the stone. Only one planer was at work today, but it is understood a couple of more will go back in the morning. The planers have no local organization.

CLUB WAITERS' STRIKE.

Yesterday the management of the Fort Wayne club reduced the wages of the head cook, Mr. Marquis, from $75 to $50 a month, and the waiters from $22.50 to $18 a month. The cook and three waiters quit and this morning new men were in their places. Mr. Miller, the new manager of the club, made the reductions.

Rev. M Jeffcott, of Toronto, Canada, is visiting his schoolmate, Mrs. P. J. Singleton, of 27 Baker street, whom he hasn't met for twenty-four years. He was ordained a priest fifteen years ago, in Tralee, Ireland, and since that time has been stationed at Toronto. During his tour he will visit all the principal cities in the state.

Gus Henry, the Lewis street shoemaker, has left his last and gone to San Francisco, Cal., from where he will leave for Klondike as soon as spring navigation opens. At Dawson City he will meet two other gentlemen who are owners of a good paying claim.

Mrs. Frank Johnson, of No. 18 Leith street, fell and sprained and fractured her right limb last evening. Dr. William N. Ensley was called and reduced the fracture.

Horse Hair from Siberia.

Three hundred bales of horses' manes and tails, to be used for upholstering furniture, have been landed at Philadelphia by the British steamships Maine and Michigan from London. They come from far-away Siberia, and are taken from horses used by the Cossacks after the animals have outlived their usefulness. Horses are cheap in Russia, and after having seen better days their manes and tails are the only things left of a commercial value. Very often these hirsute appendages are taken from sound animals, and the beasts left to their fate. Here the upholsterers use the hair for stuffing chair backs and other articles of furniture, and the material from Russia brings the best price, because the hair is the longest, and consequently the best.

We do not raise the pr[illegible] on account of tariff, but are sel[illegible] all our elegant suiting and over[illegible] at old prices. G. Schmidt, [illegible]n tailor, 70 E. Main St.

LA GRIPPE.

Deacon Ellis is Anxious to Secure the Fort Wayne Team.

The Fort Wayne Athletic Club Will Give a Benefit for the Base Ball Management—Ed. O'Meara.

Deacon Ellis is very anxious to secure the Fort Wayne franchise for Grand Rapids and the following telegram was received from him last night:

"Wire lowest terms for your franchise and players. Answer immediately. GEO. R. ELLIS."

The following reply was sent to him:

"Afraid we can not sell League objects."

Last evening a number of persons met with President Meyer and he announced his determination to retire from the active management of the club. He has decided to turn the team over to Ed. O'Meara, who will arrive in the city within a few days.

Inasmuch as money is needed to push things along and pay the $500 guarantee, the Fort Wayne Athletic club has decided to give a benefit performance and have selected March 4 as the date. An effort is being made to have "Dummy" Kihm come here and meet Yates, Hardenbrook, the "Eastern Kid," or some other good man in a ten-round sparring match. Kihm has many friends here and if he can be secured it should prove a big drawing card.

BRAVED THE STORM.

Veterns Attend Comrade Nye's Services at Trinity M. E. Church.

Last night Trinity M. E. church was crowded with G. A. R. men, Sons of Veterans and the members of the Women's Relief corps and the many friends of them all. The services were conducted by Comrade Z. Nye and were specially appropriate to the occasion. The church had been beautifully decorated. The services took the form of a patriotic evangelistic sort. Comrade Spellman, eighty-four years of age, braved the storm to meet the "boys" and lead them in a fervent prayer. The meeting throughout was most interesting and ended with an old fashioned love feast, with everybody happy and glad to be there. The pastor, Rev. Albertson, was very happy in his remarks, and Comrade Nye's part of the program was listened to with rapt attention. Mr. Nye and the people of Trinity church heartily thank all persons who assisted to make the occasion so successful and fruitful of good.

Arnold's Bromo-Celery. School headaches cured by this wonderful remedy. 10cts. Sold by Gross & Pollens.

To Prevent Runaway Freight Cars.

To prevent railway cars running out on the main track after being placed on a switch a steel bar is set across the rail in a slanting position, with the inner end pivoted in a socket and the outer end fitted with a loop to hold it in place

Garret of the Brothers de Goncourt.

There are few persons interested in things literary who, being in Paris within the last ten or fifteen years, can have failed to hear of the garret of M. de Goncourt. M. de Goncourt himself would, perhaps, have preferred people to say the garret of "the Brothers Goncourt," although, as is well known, the institution was originated and flourished only after the death of the younger brother. The "garret," specifically, was a charming room, half hall, half library, on the third floor of the little Louis XVI. hotel at Auteuil, which M. Edmond de Goncourt occupied during the whole latter part of his life; generically, it was the meeting together of kindred spirits, of disciples and admirers and friends of the old maitre; the germ of the academy which it was Edmond de Goncourt's dream to establish in opposition to the Academy of the Forty Immortals; and the nursery, as it were, where talents were grown to ripeness for the honor of admission to that same especial academy.—Scribner's.

The Finest Pearls in Europe.

The Duchess of Cumberland is said to possess the finest pearls in Europe. They were part of the crown jewels of Hanover, and in 1857 they were valued at £160,000.

SNOW STORM.

Massachusetts the Scene of Its Greatest Fury.

The State Buried to the Depth of two Feet.

Traffic Crippled in Hudson River Territory.

A Blizzard Prevails in Michigan, Wisconsin and Indiana—No Fatals Reported.

NEW YORK, Feb. 1.—New York city is today under snow to an average depth of five inches. The temperature at 8 a. m. was 20 degrees above zero, but the weather forecaster said that a cold wave would strike the metropolis tonight which would send the temperature down 15 or 20 degrees. More than 500 shovelers were working to remove the snow in the boroughs of Manhattan and the Bronx alone. Local traffic preserved its normal conditions, and both surface and elevated roads were running as usual. With the exception of the lines running to New England, the railroads were not suffering inconvenience. The New York, New Haven and Hartford reported trains from two to three hours late. Boston was entirely cut off from telephone and telegraph communication.

HUDSON, N. Y., Feb. 1.—A snow storm has prevailed in this section for the past thirty-six hours. Railroad traffic is delayed, the electric street railway system has suspended operations and work on the Hudson river ice field has been abandoned.

ALBANY, N. Y., Feb. 1.—The storm which started here late yesterday afternoon still continues. There is now three and a half feet of snow on the level and over public roads and the drifts are ten and twelve feet high. The trains on all the railroads are from a half hour to two hours late. The snow is still falling.

SARATOGA, N. Y., Feb. 1.—The snow storm continued today. Two feet of snow has fallen since last evening. Railroad operations are somewhat imbeded.

MALONE, N. Y., Feb. 1.—About eighteen inches of snow has fallen in this section during the last twelve hours and snow plows have been kept running all night on the Ogdensburg and Lake Champlain and New York Central railroads. Trains are all delayed. The storm is still raging.

THE BAY STATE.

Worst Blizzard of the Decade Prevailed Last Night.

WORCESTER, Mass., Feb. 1.—Not since the memorable blizzard of March 12, 1888, has this section been so completely snow bound. Business this morning was practically suspended and the streets in most parts of the city were impassable. There is probably an average of two feet of snow on a level, but the high winds made huge drifts ten or fifteen feet high. Railroad service is at a standstill and there is at this hour no communication of any sort with Boston. None of the telegraph or telephone companies have a wire working and it is not known when a mail train can get through. The electric street railways are tied up. There are reports of wrecked trains which have not yet been verified. It is considered probable that the storm was more severe east of here and it will be late in the day before there is any communication with Boston.

TRI-STATE BLIZZARD.

Indiana, Michigan and Wisconsin in the Grasp of a Storm.

CHICAGO, Feb. 1.—Reports from various towns in Michigan, northern Wisconsin and northern Indiana tell of a severe blizzard raging in that section of the country. The wind is blowing a gale and huge snow drifts are being piled in the highways. All the trains are more or less delayed and in some towns street railway traffic has been entirely suspended. The report from Marquette, Mich., states that the storm on the lake is fearful, and that waves are breaking completely over Picnic Rocks, something they have not done in years.

SWETT RESIGNS.

Leaves the Indian Schools to Engage in Business.

LAWRENCE, Kas., Feb. 1.—Supt. J. A. Swett, of Haskell Institute, the Indian industrial school located here, has sent his resignation to the department at Washington. Mr. Swett resigns the place to engage in business with his brother in Michigan, and will leave as soon as he is relieved here. For the last five years Mr. Swett has been superintendent of Haskell, having been promoted from assistant superintendent. The successor of Mr. Swett will be appointed under civil service rules, and it is generally believed that H. B. Peters, formerly assistant superintendent and at present Indian school supervisor, will be selected for the position.

EASTERN AFFAIRS.

Germany Demands Further Concessions in China.

PEKIN, Feb. 1.—Germany has demanded further concessions in the shape of railroads in the Shan-Tung peninsula, as compensation for the assassination of Sailor Schulz, who was murdered by a Chinese mob while on sentry duty.

LONDON, Feb. 1.—According to a special dispatch from Shanghai, the critical point of the Chinese loan negotiation was Great Britian's insistence that the British should always remain at the head of the Yang Tse Kiang valley customs and assume their full administration in case of default. The dispatch adds that several thousand Russian troops, which have been guarding the Trans-Siberian railroad, have entered Manchuria with the consent of the Pekin authorities.

MAY INTERFERE.

Government Advised to Restrict Klondike Travel.

No Placer Mines Found Within the Past Eight Months and No Work Now Proceeding There.

WASHINGTON, Feb. 1.—The war department is in receipt of dispatches from Captain Ray, now investigating the condition of gold seekers in Alaska. The following is the substance: The latest, bearing date of November 2 and 3, recommend that the United States government take steps to effectually check immigration to the interior of Alaska of all persons not fully supplied to last two years, and gives as a reason no way to earn a living and that no placer discoveries have been made within the last eight months, either in Alaska or the northwest territory. There is no employment for any large number of people in any capacity. All values are speculative. There is no fixed standard for labor. There is not now or likely to be within twelve months adequate or efficient means of supplying the people now of Alaska or the northwest territory. Seven per cent. of all the people who have entered during the past year have not earned their living and hundreds are now scattered along the river destitute of food, clothing and money. People coming in have not the faintest conception what to do to earn a living, and after spending their money, they become dazed and helpless. There will undoubtedly be a great rush next year and any step that will prevent people from coming in their ignorance, will be an act of charity." In view of recent developments and the knowledge that the lawless are landing together along the river for the purpose of robbery, it is suggested that the government place on the river small light draft steamers, with high power, armed and used to patrol the river, and the placing of detachments as the movement of people demands.

BOUGHT THE SALVAGE.

A Chicago Grain Dealer Makes a Good Trade.

ST. LOUIS, Mo., Feb. 1.—E. P. Mueller, a Chicago grain dealer, has bought the salvage of 1,163,368 bushels stored in the Union elevator which burned one week ago. He is said to have paid no less than $100,000 for the entire salvage, subject to the elevator charges. Experts who have examined the salvage declare that not less than 75 per cent. of the grain can be taken from the elevator ruins in fairly good condition.

OFF FOR KLONDIKE.

A Party of New Englanders Who Want Gold.

SEATTLE, Wash., Feb. 1.—A party of thirty-four from Stamford, Conn., have arrived here and have purchased the schooner Moonlight, on which they will sail next Thursday for the mouth of the Copper river. They have with them a snow sled with a twenty-horse power engine. The sled weighs about seven tons and is propelled by a stern wheel fitted with spikes to catch in the ice, with paddles for snow.

LIVES LOST.

An English Steamer Wrecked at Guernsey.

PLYMOUTH, Feb. 1.—The Channel Queen has been wrecked off the Island of Guernsey. Out of sixty-five persons on board the vessel, only twenty-one succeeded in reaching shore in safety.

Reindeer for the Klondike.

NEW YORK, Feb. 1.—The Talmyalla line steamer Hekla, which arrived today from Copenhagen, Christiana, Christians and Shields, brought thirty-five reindeer for the Klondike. The original shipment was forty-two animals, of which seven died on the passage.

FATAL FIRE.

Five Lives Lost By the Burning of a Hotel.

Three of the Unfortunates Were Hoosiers.

E. F. Kimball, Wife and Daughter in the List.

Were Residents of Indianapolis and Well Known—Miss Kimball Was to Be Married Soon.

HUNTSVILLE, N. Y., Feb. 1.—The Alvord house, a five story brick structure, the largest hotel in the city, is burning, and will be a total loss. The fire was discovered at 7 o'clock this morning. Every room was occupied, and five lives were lost. The list is as follows:

Henry C. Day, of Gloversville.

Bell Boy Rupert.

E. O. Kimball, wife and daughter, of Indianapolis.

INDIANAPOLIS, Ind., Feb. 1.—E. F. Kimball, of this city, who, with his wife and daughter, is reported to have lost his life in a burning hotel at Gloversville, N. Y., was well known in local business circles. He was a member of the Columbia club and the New England society. Mrs. Kimball and daughter were especially at their home in the "Blacherne" in a few days. Both were identified with the charity work here and it is understood that Miss Kimball was engaged to marry a young man in the northern part of Indiana. Mr. Kimball was a traveling agent for a glove concern at Gloversville.

NATIONAL GOSSIP.

A Senator Squeezes Himself With His Constituency.

Mr. Clark, of Wyoming, Will Not Be Driven Out of the Republican Party —House Proceedings.

WASHINGTON, Feb. 1.—Rev. Hugh Johnston, pastor of the Metropolitan M. E. church, Washington, delivered the invocation at the opening of the senate's session today.

Mr. Clark, republican, of Wyoming, presented, as a question of personal privilege, a dispatch from his state published in eastern newspapers to the effect that Henry G. Hay, chairman of the Laramie county republican committee, had resigned because of the votes cast by the Wyoming senators for the Teller resolution. Mr. Clark said that so much had been said concerning the votes of Wyoming's senators, and as to the significance of those votes, that he deemed it wise to make a statement. He expressed surprise that the motives and designs of those voting for the resolution should have been impugned. He said that the attempt made to commit the republican party to a line of policy never laid down and never contemplated by that party, and the further effort to read out of the party those republicans who voted for the resolution would fail. As for himself he declined most emphatically to be read out of the republican party and was satisfied that the masses of that party would never convict him of political heresy on account of his vote. Mr. Clark thought that the democrats ought, in view of their record, to have supported the Nelson amendment providing that gold and silver coins should be maintained at a parity. He thought that the vote he had cast was no stain on his political party honor and his vote for the Nelson amendment was cast as a protest against silver monometallism. He felt that his vote was in line with the republican policy outlined at St. Louis. He was earnestly in favor of international bimetallism and was as earnest as any man in the chamber in his efforts to maintain the national honor. He felt that to the republican party, might be entrusted the duty to solve the financial question. That solution would not be on the line of gold monometallism nor on the line of silver monometallism, but on that of bimetallism—international or otherwise. Sooner perhaps than many expect, bimetallism would be a reality and the time would be here when gold and silver would be received on equal terms at the mints and every dollar of the government would be maintained at an equal value and use with every other dollar. That, Mr. Clark concluded, was one of the missions of the republican party and it would be performed with honesty and fidelity.

The resolution of Mr. Pettigrew, of South Dakota, declaring it to be the policy of the United States not to acquire territory to defend which a navy will be required, went over until tomorrow at the request of the author.

Mr. Morgan's resolution, presented yesterday, calling upon the president for correspondence and information relating to the controversy between the United States and Great Britain, was adopted.

The senate then, at 1:15 p. m., on motion of Mr. Davis, chairman of the foreign relations committee, went into executive session.

IN THE HOUSE.

A Bill to Put a Revenue Cutter on the Yukon.

WASHINGTON, Feb. 1.—The military academy appropriation bill was reported to the house today. The anti-civil service reformers won a slight victory when Mr. Perkins, republican, of Iowa, presented a resolution for printing the hearings before the civil service committee. Mr. Grosvenor antagonized the resolution. He said the hearings had taken an expert turn, and he desired to submit some facts in refutation of certain statements before the hearings were printed. Mr. Perkins, however, refused to withdraw the resolution until the house, by a vote of 53 to 26, had refused the previous question. He then yielded.

A bill was passed authorizing the secretary of the treasury to build or purchase a suitable vessel for revenue cutter service on the Yukon river, to cost not exceeding $10,000.

A resolution was adopted, which requested the secretary of war to submit to the house the report of C. Mejo. Townsend, of the corps of engineers, dated December 13, 1897, concerning certain proposed improvements of St. Joseph and Benton Harbors, Michigan.

The senate resolution for the relief of ex-Senator Call, of Florida, was adopted.

At 12:30 the house went into a committee of the whole and resumed consideration of the District of Columbia appropriation bill, which was begun on Saturday.

IN THE COURTS.

The Hearing of Dr. Rauch's Case Continued.

Bryant Damough Still Goes to the Jury—Sheriff Melching Returns—The Court News.

The hearing of the case against Dr. A. J. Rauch, charged with a criminal operation, was called in Justice Franke's court today, but on motion of the prosecution was continued until next Saturday, owing to the fact that Emma Moner, the prosecuting witness was too sick to appear in court. The defense insisted on an immediate hearing.

SHERIFF MELCHING RETURNS.

Sheriff Al. Melching returned from Michigan City bringing with him Mathias Funk, who is now in jail awaiting a new trial. Sheriff Melching saw several former Fort Wayne citizens who are spending their days in the prison, among them Claud Smith, who is doing quite well in the runner shop, and Charles Glessner, who has a soft thing as attendant in charge of the bath rooms.

JURIES TO JURY.

This afternoon Judge Heller delivered his instructions to the jury in the Brown-damage suit against the city and the twelve men retired to make up their verdict.

THE JURIES FOR FEBRUARY.

The following citizens have been drawn for service as grand jurors for the February term: Henry G. Doctor, Adams township; Morgan Harrod, Madison; Harlan Saylor, Perry; William H. Kelsey, Aboite; James Nattin, Milan; Frank Lamont, Jefferson.

Following is the petit jury for the circuit court, February term: John G. Folger, Marion township; Henry Borning, St. Joseph; Gottlieb Schamper, sr., Adams; John Maloney, Eel River; Christian Siebert, St. Joseph; Benjamin McIntosh, Madison; John Grohs, city; James Woods, Pleasant; Henry Schoppelmann, Monroe; William Brindle, Lafayette; John J. Mongen, city; John Rapp, Lake.

OTHER COURT NEWS.

The attachment suit of Jennie A. Trentman vs. Thomas H. Groves has been settled and dismissed from the superior court. The same plaintiff has begun a suit against the same defendant for $324 damages.

In the superior court Marvel Woodruff has been given judgment in foreclosure proceedings against Margaret Rotlgeb, et al., for $2,261.

REAR END COLLISION.

A Snow Plow Dashes Into a Caboose at Bay City.

BAY CITY, Mich., Feb. 1.—A Detroit and Mackinac snow plow loaded with men, ran into a caboose in the yards of North Bay City this morning. Four men, Sylvester Lasalier, Morris Exter, James Ruel and Edward Cook, all of East Tawas, were jammed into the wreck. All were badly hurt. Ruel may die.

HE WAS DESPONDENT.

A Former Minister to Brazil Kills Himself.

SANTA ROSA, Col., Feb. 1.—Thomas L. Thompson, ex-United States minister to Brazil, committed suicide here this morning by cutting his throat. Despondency is supposed to have been the cause.

Mr. and Mrs. Littlejohn, of 18 Poplar street, yesterday celebrated the twenty-fifth anniversary of their marriage. They were the recipients of a number of presents among them being a handsome silver tea set from their sons.

A JUDGE GONE.

Death Beckons to C. A. O. McClellan.

Succumbs to Injuries Received By a Fall.

The End Came as a Shocking Surprise to Friends.

Thus Passes Away an Ex-Congressman, a Jurist, a Banker and a Soldier, Hoosierdom Mourns.

AUBURN, Ind., Feb. 1.—This community was shocked this morning to learn of the death of Hon. Charles A. O. McClellan, former congressman from the Twelfth district, jurist, banker and business man and the most distinguished citizen of Auburn.

Death came to Judge McClellan a few minutes before midnight. He had been in ill health for some months, the consequence of a fall he received last autumn, but lately he had appeared to be much improved and his family and friends were hopeful of his recovery. Last night he was suddenly taken worse and his son, Charles, was summoned, reaching the bedside as the end came.

A DISTINGUISHED CAREER.

Judge McClellan's sturdy, conservative character came from a parentage well calculated to bestow such qualities. His mother was of German descent and his father of Scotch-Irish extraction. They were residing at Ashland, Ohio, when Charles A. O. McClellan was born, May 25, 1835. The father was a mechanic and engaged in that pursuit will near the close of his life. In his youth Judge McClellan was apprenticed to the trade of his father, but was given such advantages of education as could be afforded him. He contrived to learn penmanship, becoming an expert that he was able to teach it, which he did in winters for two years. In 1856 Judge McClellan came to Auburn, where he had an uncle, at that time auditor of DeKalb county. He was appointed deputy auditor, serving in that capacity four years, in the meantime prosecuting the study of law.

Judge McClellan was married in the fall of 1859 to Elizabeth A. Long, daughter of Samuel D. Long, one of the pioneers of DeKalb county. To this union three children were born: Jennie L., now wife of Don A. Garwood, of Danville, Ill.; Della, now wife of Dr. E. L. Siver, of Fort Wayne, and Charles, of this place.

After holding various public positions of more or less importance Judge McClellan was in 1862 admitted to the bar to practice law, forming the next year a partnership with Judge James I. Best, of Waterloo. In 1872 he was appointed judge of the fortieth judicial circuit of Indiana. He was a man of high public spirit and his activities were numerous and of immense good to his community. He was a stockholder and director in the Fort Wayne, Jackson and Saginaw railway, was one of the projectors and builders of the Star flouring mills in Waterloo, afterwards destroyed by fire, and established the DeKalb county bank in Waterloo in 1882 and in 1883 became president of the First National bank at Auburn. In 1889 Judge McClellan moved with his family to Ann Arbor, Mich., to remain while his children finished their education.

POLITICAL HONORS.

On the 9th day of August, 1888, at Kendallville, Ind., he was nominated on the fourteenth ballot, by the democratic party, as its candidate for congress in the Twelfth congressional district. The Hon. R. G. Bell, P. S. O'Rourke, M. V. B. Spencer, of Allen county; C. K. Green, of Noble, and William F. McNagny, of Whitley, were candidates in the convention. Judge McClellan was successful at the election by a plurality of 1,311 votes over the Hon. J. B. White, the republican candidate.

Judge McClellan was unanimously renominated for a second term and elected to the Fifty-second congress, receiving 4,050 votes more than J. M. Babcock, the republican nominee, this being the largest plurality ever given in the district.

In congress Judge McClellan attracted attention at once as a watchful, conservative and hard-working member. During his second term he introduced a bill for a graduated income tax and made a speech in support of his measure that was and is yet regarded as one of the strongest presentations of the question that has ever been made in congress. He was given prominent places on committees and was chairman of the committee on expenditures in the navy department.

Judge McClellan is prominent in the circles of masonry and has served as eminent commander of Apollo commandery of Kendallville. He was a mason of the thirty-second degree and a noble of the Mystic Shrine.

JUDGE MCCLELLAN'S FUNERAL.

The funeral of the late Judge McClellan will take place in Auburn Friday afternoon, at 1 o'clock. His friends from this city will be enabled to attend and can leave here on the Lake Shore road shortly before noon and return at 5 o'clock. No details of the obsequies have yet been received in this city.

BROKE HER LEG.

Sad Results of a Fall to Miss Louise Rosa.

SAVANNAH, Ga., Feb. 1.—Miss

HON. CHARLES A. O. M'CLELLAN.

Louise Rosa, a member of "A Milk White Flag" company and sister of Patti Rosa, fell into a furnace chute in the Savannah theatre last night, breaking her leg. She fell six feet. The fall will lay her up for quite awhile.

A RAILWAY DEAL.

Three Chicago Freight Lines United in One.

The Stock Yards Company Advance a Step in the Absorption of Competitive Lines.

CHICAGO, Feb. 1.—A consolidation under one management has been effected by three of the Chicago transit freight lines, under the title of The Chicago Junction Railway company. The new system unites lines that have heretofore been competitive. It is practically an extension of the facilities of the Union Stock Yards and Transit company, which is the nucelus of the consolidated system. The consolidation places the company in better competitive condition with the Western Indiana and Calumet terminal. The consolidation is a step further in the recent absorption of the Chicago, Rammond and Western by the Stock Yards company, the third addition being the Chicago and Indiana State Line railway. John A. Spoor is president of the consolidated line.

CARRIERS WIN.

Court Decides in Favor of Charles Langston.

The Suit Began Important Bearing Upon Others in Fellow—Thousands of Dollars Involved.

NEW ORLEANS, Feb. 1.—Judge Semmes, of the United States circuit court of appeals of the fifth circuit, today decided the letter carrier case involving the question of pay for overtime due to Charles Langston, a letter carrier of Anniston, Ala. The opinion of the lower court was modified but the main issue, in favor of the carriers, was confirmed. Judge Semmes eliminated the judgment for compensation for the half hour "swings," in which the letter carriers were not actually employed at work about the postoffice. The whole amount of the case involved was less than $100, but the decision has an important bearing upon others depending upon it, amounting to many thousands of dollars.

VESEY IS THE MAN.

Unanimously Chosen District Chairman.

For Once the Republicans Have Harmony.

Only One Name Presented to the Convention.

Mr. Vesey Returns Thanks for the Honor—Hon. J. S. Taylor and Others Talk to the Delegates.

The eighth wonder of the world has finally been uncovered.

The republicans of the Twelfth congressional district held a harmonious convention.

The truth stated, however, it was hardly necessary to hold the convention, as the affair had all been cut and dried hours before the delegates were called to order, and the program was carried out to the letter.

Immediately on calling the convention to order Sol A. Wood asked for nominations for permanent chairman and the honor went to Hon. J. W. Baker, of Columbia City, who had been previously agreed upon. The losses killed two birds with one stone in this action. They partially rewarded him for the work he has done for the party in the past and hit Postmaster Williamson, of Columbia City, quite a blow on the solar plexus. And Mr. Baker enjoyed it, too, never allowing an opportunity to pass to force upon the mind of Mr. Williamson that he was running the convention.

J. S. Conlogue, of the Kendallville Sun, was unanimously chosen to act as secretary.

Nominations for district chairman were then called for and to the surprise of the delegates, but not to the bosses, Attorney J. B. Harper arose in the seat allotted to Robert B. Hanna and placed the name of W. J. Vesey before the convention as the unanimous choice of Allen county for district chairman. Bob was there, but it wouldn't be unanimous if he had a vote so he was indexed to hand his proxy to Mr. Harper.

The countenances of the delegates from the outside counties wore a study. First they were dazed, then amazed and finally happy in the knowledge that Allen county was presenting a candidate who was the unanimous choice of the delegation.

The visitors began to recover one of a time and finally L. W. Walker, of Albion, arose and seconded Mr. Vesey's nomination, explaining that he was the unanimous choice of his county for the place. Then Hon. E. G. Mahonly, of Steuben, realized the truth and he, too, seconded the nomination. One after another, Hon. William Kinsely, of Whitley; Amos Walters, of this city; Hon. F. D. Merritt, of Lagrange, and Sol A. Wood, of Angola, said pretty things about Mr. Vesey until he blushed like a maiden. Mr. Wood moved to make the nomination unanimous and this, of course, was done.

Mr. Vesey was called from his hiding place behind Bob Hanna, who had never escaped his watchful eye, and apologized to the convention for blushing, asserting that he couldn't help it owing to the encomiums that had been heaped upon him. He thanked the convention, and asked not only for their support, but for the advice during the progress of the campaign of each and every republican in the district. And he'll get it, too.

Senator Gilbert and Hon. F. D. Merritt made the old stereotyped speeches, while Elitor Lane went down street and hurried along Hon. R. S. Taylor, who was on the program for a speech, but never anticipated any such thing as harmony in the convention. Mr. Taylor was applauded when he entered and immediately commenced his speech.

Major Wilson and Colonel Higgins were there, but their work had been done before the convention and they kept quiet.

THE MARKETS.

Chicago Markets.

ETUE'S CRIME.

Killed Emma Schumacher and Robbed Her Store.

KANSAS CITY, Mo., Feb. 1.—Chas. D. Etue has been arrested on suspicion of being implicated in the murder of Miss Emma Schumacher, who was shot and killed by one of two men, who robbed her store one night last December. Etue is the son of A. D. Etue, formerly publisher of a local stock paper. Four years ago he was tried for killing Schalk, in a quarrel over [illegible]. His father, who was [illegible], spent his fortune fighting which ended in acquittal.

DEATH'S DOI

Demise of Mrs. J. M. H[illegible] St. Joseph Hospital.

She Passes Away After Years of Suf[illegible] Funeral of the Late Thomas Ma[illegible]—Funerals.

Last evening at 8 o'clock at St. Joseph hospital occurred the death of Mrs. P. H. Kane, after suffering several years with cancer. All the medical skill could do was done to prolong the life of the suffering lady. Only last October she went to a private sanitarium in Chicago in the hopes that she might be benefited, but grew worse and returned to Fort Wayne about a month ago, since which time she has been at the hospital. Her decline has been rapid since then, and death was daily expected.

Mrs. Amelia Knie was born in Fort Wayne in 1849, and spent most of her life in this city. She was a daughter of Dr. Brooks, who during his life was a well known physician. Mrs. Kane was twice married, her first husband being Thomas J. Jeffords.

She had been the wife of [illegible] about twenty-two years, and had two children, Irene and Alfred Kane, who is [illegible]. Mrs. Olds is a sister of the deceased. She was a devout member of the Cathedral congregation. The funeral will take place from the Cathedral at 11:30 o'clock tomorrow morning. The pall bearers will be Charles McCulloch, T. B. Haskins, Wm. Breen, Chas. F. Mahler, C. R. Higgins, Clint Walton.

OTHER DEATHS.

Rinehardt Riebler was taken to Hope hospital in delirium. The hospital surgeons found a growth on the base of the brain. This growth was removed, and the patient regained his reason. Yesterday afternoon, however, he began to fail and in a short time died. The remains were removed to his home, 32 Lillie street. He leaves a wife but no children. The funeral will be held at 2 o'clock Thursday afternoon from St. Paul's Lutheran church.

Mrs. Ida Kasten, wife of Louis Kasten, the cigarmaker, died at her home, at No. 52 East Williams street, yesterday afternoon, after an illness of several months. She was thirty-six years of age, leaves three daughters. The cause of death was lung trouble. The funeral ceased was the niece of Mrs. Brockelsieu, who died Sunday.

The funeral will occur Wednesday afternoon from the residence of Rev. Wagenhals officiating.

MRS. KLOPFENSTEIN.

Mrs. Rebecca Klopfenstein died at 1:55 this morning at the residence of her daughter, Mrs. J. H. Payne, 337 East Wayne street. She has long been a sufferer from cancer and came to the city from the east Leo six months ago for treatment. Pneumonia, however, was the immediate cause of death. She was born November 3, 1[illegible] in Wayne county, Ohio, and was married to Sebastian Schlatter in 1843. Mrs. Schlatter moved to Allen county in 1850, and located on a farm near Leo. Mr. Schlatter died in 1879, and in 1[illegible] the widow married Mr. Klopfenstein, who lives on the farm. Ten children were born to Mr. and Mrs. Schlatter, seven of whom are living, as follows: Mrs. Mary Yeggy, of Harlan; C. C. Schlatter, Fort Wayne; Mrs. Carrie Longfellow, Mrs. J. H. Payne, Kittie Schlatter, David D. Schlatter, of Cucamonga, Cala.; and E. W. Schlatter, of Indianapolis. The funeral will occur Thursday, at 1 o'clock, from the Ammisli church near Leo. The cortege will leave Fort Wayne at 9 o'clock a. m.

HANNAH J. M'DONOUGH.

Mrs. Hannah J. McDonough, aged sixty-two years, seven months, died of pneumonia at her home, 1[illegible] West Creighton avenue, this morning. The body will be shipped to Monroeville Thursday.

THOMAS MANNIX'S FUNERAL.

The funeral of the late Thomas Mannix will be held tomorrow at 9 o'clock from the Cathedral. Mr. Mannix was a member of Division No. 1, A. O. H. and St. Julian council, C. B. L. and in the latter society he carried $2,000 life insurance. St. Julian council, of which Mr. Mannix was [illegible] member since its organization in January will [illegible] night to attend the funeral. The Hibernians also are urged to attend the funeral [illegible] will meet at Library hall at 8:30 [illegible] morning. About a dozen members of the old volunteer fire [illegible] are out at engine house No. [illegible] night and arranged for attending the funeral. The pall bearers [illegible] elected from the [illegible] as follows: P. H. Kane, Hugh Johnston, John Smith, Bart Dowling, James Summers and James Fo[illegible]. The honorary pall bearers will be Capt. J. G. Rehm, John O'Connor and Daniel O'Ryan, of the A. O. H. and David Reidy, Frank Rose, Dennis Monahan, of the C. B. L.

Mrs. C. B. Barrows is entertaining [illegible] Picnic club at [illegible] this afternoon.

...asonic Temple—Attractions for the week:

...Tuesday—Return engagement, "Gay Coney Island."

...Thursday—Hoyt's "A Stranger in New York."

...Saturday—"The Great Diamond Robbery."

Tuesday is a great deal of reason to believe that much of the talk from General Miles and other army men regarding the unpreparedness of the United States for a war is inspired by those high government people who are opposed to any

recognition by this country of the belligerency of the Cubans. In every war of the United States, from the revolution to the rebellion, inclusive of both, this government has plunged into conflict unprepared. But somehow or other, we have kept our flag out of the dust and our laws in the country.

A BILL is before the Virginia legislature entitled "an act to facilitate in Virginia the creation of colonels." Statesmen in the Old Dominion should be reminded that in that commonwealth colonels are born, not made.

SINCE the grip has become so prevalent as to call out warnings from the health department, says a Chicago paper, people have been seeking advice with renewed vigor from their family physicians. One wise old doctor has told his patients in grip cases that clean air was the most necessary thing in the sick room, and in all the remainder of the house for that matter. He therefore advised them to treat coffee and let the aroma of the burning grains fill all of the house. It is not only a pleasant odor, he said, but it is one of the most valuable disinfectants that can be used. The coffee grains should be green and of the genuine variety.

IN the year 1870 the postoffice receipts were $19,77?,???, and expenditures $22,000,837, a deficit of $1,225,619. The receipts of the department in the last fiscal year were $82,465,402 and expenditures $93,811,666, a deficit of $11,110,209, the largest in the history of the country. The postal expenditures per capita were 68 cents in 1870, 73 cents in 1880, $1.05 in 1890 and $1.30 in 1897. Now, compare this story of an ever-increasing deficit with the fact that the annual postal profit in Great Britain is over $18,000,000! There is something wrong in the postal operations of the United States, and it is by no means of small dimensions.

A MAN in North Tonawanda, N. Y., pursues with his unmarried daughters a course quite different from that of a St. Louis father who notified them to get married within a short time or go to work. The New York parent announces that he will give $5,000 to his daughter when she marries, and that she is worth $50,000 in her own right. Another citizen of the same place thinks that his daughter's dot will be $50,000, and he makes the other fortune the young men of the neighborhood are manoeuvring to show. As the young ladies are in possession of the right of selection, negotiations may be a little difficult.

A PLAN has just been produced in Amsterdam founded on the Dreyfus case. One of the scenes shows the ex-captain of artillery shut up in an iron cage. A novel, gathering its theme from the same source, has made its appearance in Berlin. It is published anonymously, and the author shows that not only is Dreyfus innocent, but that Count Esterhazy is also. The guilty person is a woman. Marcelle De C. in the meantime, the Russian press is supporting the case of General Elliot, the minister of war, and his associates in a perfunctory manner. St. Petersburg journals, possibly inspired, declare Dreyfus to be guilty because the Conseil de Guerre, composed of gentlemen and soldiers, has found him to be so. To question its verdict is to impeach the honor of the army. There is a pungent odor of the principle that the king can do no wrong" in it all. That is what the heads of the French army crave just now, and they get it from certain sources.

DEFEAT of the Teller resolution in the house of representatives was expected and assured. The majority by which the gold forces were able to smother the measure was somewhat a surprise. There was scarcely reason to believe that the party lash could be wielded with such terrible effect. But one republican voted with the democrats, while two democrats voted with the republicans. Fifty majority was secured against the resolution. One Washington correspondent has aptly termed it the "slaughter of the innocents." Many republicans were driven to support of the administration with direst misgivings. They have silver constituents and they fear the consequence when they stand for re-election. The only significance of the whole matter is that the administration currency plans can be put through the house and will be held up by the senate. There is nothing new provided in the Teller resolution. United States bonds are now payable in silver if the government chooses so to pay them when any bonds shall come due.

The Maine on a War Footing.

The landsman is accustomed to think of the war ships as doing all of its effective work from the water. When the Maine started to Havana, the possibilities presented to the average imagination this 7,000 tons monster at considerable distance, if the emergency came, dropping shells into the fortifications of the Cuban metropolis.

There is a feature of the Maine's effectiveness that is not well understood. From her position in the harbor of Havana, this warship could, in ten minutes' notice, send over the sides into small boats 300 men armed and drilled to perfection for fighting in the streets of the city. Every man would have about his waist a belt of cartridges and on his shoulder a breech-loader. That is, all equipped as infantry would go in this way.

But there would be, in addition, two or three companies with machine guns on wheels to be dragged by hand ropes up to points of vantage, and to be turned in a moment into engines of destruction. The Maine could send ashore what would be a full battalion of infantry and a full battery of machine guns, and still retain 100 or more men to man the ship and the armament. Of the landing force there would be a full company of marines. The remainder would be "jackies," whose evolutions on land are marvelously precise.

A crack drill command of militia does not match with more snap than these armed sailors. The Maine is on if war footing. She is a small army afloat, as well as a dangerous warship. Her magazines are full of ammunition. Everybody and everything to conduce to effectiveness are aboard.

AFTER MURPHY'S HEAD.

Albany Assemblyman Objects to the Senator's Vote for Silver.

ALBANY, N. Y., Feb. 1.—Assemblyman Weekes, of New York city, startled the assembly and its 2,000 spectators last night by the introduction of a resolution censuring and requesting the resignation of Edward Murphy, jr., senior United States senator from this state, for voting for the Teller silver resolution.

The resolution was a complete surprise. It brought to their feet a number of the members of the minority with objections. They could not object to the introduction of the resolution, but they signified their intention to debate the proposition, and, under the rules of the house, it had to go over and be printed.

Assemblyman Weekes stated that he was willing that it be laid aside with the understanding that it be made a special order at 8:30 o'clock next Monday evening. That course was pursued.

Mr. and Mrs. Frank Mossman, of Trenty, Wabash county, are the parents of what local physicians state is the smallest baby ever born in the United States. The little one arrived Saturday and weighs less than a pound and a half. The infant is a girl and the attending physician says she has every promise of living.

UNDER THE LASH.

The Republicans Vote Against Silver.

Teller Resolution Defeated in the House by a Decisive Majority—Party Lines Almost Unbroken.

WASHINGTON, Feb. 1.—The house of representatives yesterday buried the Teller resolution, declaring the bonds of the United States payable in silver, under the adverse majority of fifty votes. The republicans were solidly arrayed in opposition, with two exceptions, Mr. Linney, of North Carolina, who voted with the democrats and populists, and Mr. White, of North Carolina, the only colored member of the house, who answered "present" when his name was called. The desertions from the democratic side were Mr. McAleer, of Pennsylvania, and Mr. Elliott, of South Carolina. Both voted with the republicans against the proposition. Speaker Reed, although it is not customary for him to vote, had his name called, and, amid the cheers of his followers, went on record in opposition to the resolution.

The vote was reached after five hours of debate under a special order adopted at the opening of the session yesterday. The limited time allowed for debate and the pressure of members for an opportunity to be heard was so great that the leaders on both sides were compelled to farm out the time by minutes. This distracted much from the continuity of the discussion, but it also in a measure intensified the interest in the galleries, which were crowded all day, and the combatants on the floor were cheered by their respective sympathizers. Many of the senators from the other end of the capitol were also present to listen to the arguments.

BAILEY AND BINGLEY LEAD.

The majority, under the leadership of Mr. Bingley, who made a carefully prepared speech sounding the keynote of the opposition, announced the position that the last clause of the resolution was in reality a disguised declaration for the free coinage of silver, while the assaulting democrats, under the direction of Mr. Bailey, maintained that the defeated resolution was another step in the old portion of establishing the gold standard, to which they allege both the president and Secretary Gage had irrevocably committed the republican party. The debate was at times fast and heated.

At 5 o'clock came the vote, which was followed with great interest, notwithstanding the defeat of the resolution was a foregone conclusion. The speaker announced that the vote would be directly on the resolution, not on the adverse report. It was soon evident that party ranks were being held intact. After the roll call was completed the speaker asked that his name be called, and on the call responded with a vigorous "No." He then announced the result—yeas, 132; nays, 182. The republicans cheered long and loud over their victory, and then, at 5:35 p. m., the house adjourned.

WILL BE EXTRA.

Omaha Exposition Postage Stamps Not to Displace Regular Issues.

WASHINGTON, Feb. 1.—The proposed issue of stamps, commemorative of the Omaha exposition, will not displace the regular issues during the period of the exposition, as was the case with the Columbian stamps at the time of the Chicago world's fair. The decision has been reached by Third Assistant Postmaster General Grey. The officials believe that no particular benefit will be derived in having the one issue displace the other, and confusion and other inconveniences which might result will be avoided.

NATURE OF THE FIGHT.

California Insurance Commissioner After the "Insurance Compact."

SAN FRANCISCO, Feb. 1.—Insurance Commissioner Clunie has announced that his fight against the foreign insurance companies doing business in this state will be directed against the organization known as the Fire Underwriters of the Pacific, commonly called "the insurance compact." It is by the disorganization of this association that the insurance commissioner expects to secure for the people an equitable reduction of insurance rates.

A Desperate Woman.

Experts in insanity tell us that when anyone speaks of insane jealousy their whole nature is reversed. They do and say exactly the opposite things to what they would do in their sane minds. A mother whose mind breaks down under extreme nervous tension may turn upon the one object in all the world most precious to her—her baby.

The terrible nervous tension under which many women live and suffer because of some weakness or disease of the womb, keeps them on the very verge of insanity. The constant drag and drain upon the complicated and delicate organism affects the whole nervous system and works upon the brain with an almost irresistible madness.

Thousands of suffering women have been literally saved from the frightful asylum by the timely influence of Dr. Pierce's Favorite Prescription. It is the one perfect and positive specific for every derangement of woman's special organism. It is a scientific and permanent cure for those severe, chronic, complicated cases which doctors usually consider hopeless. It is the only medicine of its kind devised by an educated and skilled physician.

Mrs. Sarah H. Parker, of Dayton, Cass Co., Mo., in a letter to Dr. Pierce, writes: "It was in the winter of 1894 that my sufferings commenced. It was close to my time of confinement. I took the pain, and that with the labor pains all went to my head. I was terribly nervous and when I got born to my baby boy I kept getting worse. I would not sleep, nothing did me any good. I had awful nervous sensations and was delirious. Oh, no tongue can express my sufferings. I was induced by a friend to try Dr. Pierce's medicine and I did. I used one bottle of his 'Favorite Prescription' and two of the 'Golden Medical Discovery.' I had taken two bottles of the medicine when it commenced to do good. I began to get better, and with only using three bottles I was about like I felt before and as woman. I gained strength and flesh and soon forty-eight pounds of it. These lines are at my own solicitation that others may know what it was medicine that saved my life."

Dr. Pierce's two-page illustrated book, "The People's Medical Adviser" sent, paper-bound, free for the cost of mailing only, 21 one-cent stamps; or, cloth bound 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

GREW WEAKER AND WEAKER.

Had Poor Blood, Distress from Food, and Liver Troubles.

After Eating, Food Seemed as if It Had Turned to Rocks.

"Dr. Greene's Nervura Saved My Life—Felt the Good Effects Immediately."

"Two years ago in January I began to get poorly in health and my husband called in the doctor, and I was put under medical treatment. I had sharp, prickling pains between my shoulder blades, grew thin and pale, and had great difficulty in lying down. My blood was poor; my food distressed me, and after eating it would seem as though it had turned into rocks; it would not digest my stomach and cause me great distress. Nothing the doctor did for me seemed to do me any good. I grew steadily worse, and finally in February I was forced to take my bed. I grew weaker and weaker, and after awhile changed physicians. That did me good, and I changed doctors again, but still I kept failing."

"The last doctor called in another physician and they decided that the cause of my sickness was entirely nervous debility. A course of treatment was decided upon and tried faithfully, but I got lower and lower, until at last the doctor said I could not live more than two or three days at the most. The day this statement was made, a neighbor told my husband how much his wife had been benefited by Dr. Greene's Nervura blood and nerve remedy, and urged him to try it in my case. It was the last hope, but he bought a bottle and I commenced at its use. I felt the good effects of the Nervura almost immediately, and kept on taking it and gaining all the time. I commenced to use the Nervura the second day of April, and before the month of April was gone I was out of bed and for good. I have not been confined to the bed by illness since taking this remedy. I think Dr. Greene's Nervura blood and nerve remedy saved my life, and I do not hesitate to recommend it as a valuable preparation.

MRS. JAMES DAVIS, Penacook, N. H."

Dr. Greene, 168 State Street, Chicago, Ill., the most successful physician in curing diseases, can be consulted free personally or by letter.

REFUSES SILVER.

Suit to Determine Validity of Bland-Allison Act.

Millionaire Baldwin, of Detroit, Will Contest the Law to the Federal Supreme Court.

PONTIAC, Mich., Feb. 1.—Stephen Baldwin, of Detroit, the millionaire capitalist, by his attorney, E. Turaney, yesterday began a suit in the Oakland county circuit court, at Pontiac, against Chairman Fred A. Baker, of the democratic state central committee, the final determination of which will be watched with interest all over the United States.

The suit involves the constitutionality of the Bland-Allison silver act in 1878. It was brought expressly to determine the validity of that act, along with other decrees bearing on silver as a currency. Both Chairman Baker and ex-Congressman Turaney say the case, no matter how it is determined in the Oakland circuit court and before the Michigan supreme court, will positively be carried to the supreme court of the United States.

Mr. Baldwin a few months ago bought a piece of farming land in Oakland county. Chairman Baker held a mortgage on the land, which became due December 13 last. The amount due that day, with accrued interest, was $365. Mr. Baker refused to accept in payment 371 silver dollars, hence the suit.

ONLY GUESSED IT.

Cincinnati Police Looking for Two Men With Reliable Race Tips.

CINCINNATI, Feb. 1.—The police have been notified to look for Mike McManness and "Red" Murphy, who by mere guessing gave hints to Francis McBrierer and F. H. Bond, of New York, whereby they won $5,000 at the races. The hints made those men believe they "sized" the races. The four then came to Louisville and Bond went on to Little Rock and it was arranged to win a big pile on Siva yesterday in the fourth race at New Orleans. McBrierer bet $1,500 in one pool room and gave $3,000 to McManness to bet in another. Siva was beaten and McBrierer found that McManness had without betting at all.

SUCCESSFUL MEETINGS.

Revival at St. Paul's M. E. Church Shows Good Results.

The series of meetings in progress at St. Paul's M. E. church, under the direction of the pastor, Rev. M. C. Cooper, are proving fruitful. The meeting last night was of especial interest. Some of the workers of the Christian Alliance are assisting in the services and last evening Rev. Runseyer preached a strong and effective sermon. Mr. and Mrs. Zeller led in the song service.

There were several conversions and many requests for prayers. The attendance, notwithstanding the storm, was very large and a deep spiritual interest pervaded the meeting. Tonight Dr. Rae, of Columbus, Ohio, will preach.

NORTHERN INDIANA NOTES.

There is an epidemic of diphtheria at Wakarusa, Elkhart county, and the county board of health is making a thorough investigation.

Sixty-two farmers near Knox, Starke county, have already agreed to raise sugar beets next season. Others near Hamlet have agreed to the same thing.

Barkley Walker, who is confined in the Wells county jail at Bluffton, charged with shooting the daughter of Frank Dougherty, last September, is dying of consumption.

Charles Marz, a South Bend man, has wagered that he can eat a whole goose every day for a month. He has already gone above twenty with good prospects of being able to win out.

Daniel Underwood, living near Elkhart, has been allowed a claim for a pension. He is seventy-two years old, and his claim has been pending for more than twenty years.

The Elkhart county grand jury has exonerated ex-county officers Campbell, Romaine and Sollers from criminality in the alleged arrest reported to exist by a tax forest.

In DeKalb county Andrew Casebeer, aged ninety-two years, has been granted a divorce from his wife, Mary Jane Casebeer, who is a few years younger, and who resides with a daughter in Chicago. The wife is charged with desertion.

Samuel Ball, confessed forger of a $35 check in the Laporte jail, fell to the floor unconscious Saturday when his little child reached its hand through the bars to him. He was unconscious an hour. Since he was put in jail he has not eaten a bite, his humiliation is so great.

ASSETS $3.30.

Odd Fellows' Mutual Aid Association to Quit Business.

INDIANAPOLIS, Ind., Feb. 1.—The Odd Fellows' Mutual Aid association voted to go out of business. Its assets amounted to $3.30, and its liabilities to $100,000, consisting of unpaid death claims. The association was formed twenty-eight years ago by men prominently connected with the Odd Fellows, but it never had any official connection with the order.

NEW GOLD FIND.

Rich Discoveries Made in the Great Slave Lake Region.

WINNIPEG, Man., Feb. 1.—News has reached here, Regina, that the field party of persons bound for the Yukon by the Peace Albert route, have found gold in large quantities on the Hay, Buffalo and other rivers running into Great Slave Lake, seven hundred miles from Prince Albert. The news comes through Bishop Pascal and is considered reliable.

TO CURE A COLD IN ONE DAY
Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c. The genuine has L. B. Q. on each tablet.

FIRE BUGS BURN COLLEGE.

Institution of the United Brethren at Huntsville Destroyed.

GOSHEN, Ind., Feb. 1.—The United Brethren college at Huntsville, this county, one of the oldest educational institutions in southern Indiana, was consumed by an incendiary Sunday morning just before daylight and destroyed.

It was a large three-story frame building and unoccupied. The school term having recently closed. In the building were 2,000 volumes, chemicals and chemical apparatus, a $500 telescope, furniture, fixtures, etc.

The building was valued at $15,000 and the contents at $5,000. It was insured in the Continental, of New York, for $5,000. The property was transferred to A. D. Galbraith by the trustees ten days ago in consideration of the bonded indebtedness of the college.

In early days it was a very popular educational institution, but a split in the church and three years' management brought on bankruptcy and ruin, and only last week four orders of the brethren brought suit for salaries alleged to be due them.

SHINKAMAH FIGHT.

Sullivan Surprises and Slaughters the Fourth Brigade.

BOMBAY, Feb. 1.—A dispatch from Mamund gives further details of the disaster on Saturday last to the Fourth brigade of the British troops operating on the frontier, near Shinkamar. General Westmacott, who has just returned to Mamund after visiting the scene of the fighting, recovered twenty-two bodies of the British slain and inflicted heavy loss upon 300 of the enemy who appeared him. The British force lost one man killed and had eight men wounded in the latter engagement. General Sir William Lockhart, who has just been relieved of the command of the frontier forces by General Sir Arthur Palmer, sails for England on Saturday next. In an interview he expressed the opinion that a spring campaign against the tribesmen will be necessary.

Catarrh Headache in 15 Minutes
By using Dr. Davis' Anti-Headache. All druggists.

RATCLIFFE YIELDS.

Will Serve His Sentence and Other Prisoners Will Not Be Pardoned.

NEW YORK, Feb. 1.—The Journal and Advertiser states on "responsible authority" that E. J. Ratcliffe, the rector, now under sentence for wife beating, under indictment for perjury and accused of bigamy, has decided to withdraw his appeal from the sentence against him for wife beating and will serve six months in the penitentiary on Blackwell's island. The perjury case against him will be nolle prosequed and no other prosecutions against him will be begun. It is said that Ratcliffe's attorney has effected a compromise with the district attorney.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address,

F. J. CHENEY & CO., Toledo, O.

Sold by Druggists, 75c.

SHERIFF'S SALE.

No. 2,927.

In the Superior Court of Allen County, State of Indiana.

Christian A. Chapin, substituted plaintiff in place of the Fort Wayne Building Loan Fund and Savings Association vs. Annie E. Kelley.

By virtue of an order of sale to me directed and delivered by the clerk of said court, in the above entitled cause, I have levied upon and will expose for sale, at public auction, at the court house door in said county, between the hours of 10 and 4 o'clock, a. m., of the 24th day of February, 1898, the rents and profits for a term not exceeding seven years, of the following described premises, in Allen county, Indiana: Lots number four hundred and seventy; four hundred and eighty; four hundred and eleven; four hundred and twelve; and four hundred and thirteen in Lakeside Park Addition to the city of Fort Wayne, in Allen County, State of Indiana.

And on failure to realize therefrom the full amount of the judgment, interest, costs and accruals, I will at the same time and in the manner aforesaid, offer for sale the fee simple of the premises described above, or so much of the property of the defendants as to satisfy said Order of Sale.

ALBERT E. REYNING,
Sheriff Allen County.
Chaplin & Denny, attorneys. 3w-feb14-21-28

ELY'S CREAM BALM is a positive cure. Apply into the nostrils. It is quickly absorbed. Gives relief at once. By mail, 50 cents; by druggists, 75c. by mail. ELY BROTHERS, 56 Warren St., New York City.

McCoy's New European Hotel

CORNER CLARK AND VAN BUREN STS.

JOINT INSPECTION.

The Pennsylvania and the Nickel Plate Adopt New Methods.

To Expedite the Interchange of Freight Cars One Inspector Will Act for Both Companies.

The Pennsylvania and the Nickel Plate have established a joint car inspecting system at this point for the purpose of facilitating the handling of cars which are transferred from one line to the other and to prevent the annoying delays which, under old methods, were constantly occurring. By mutual consent it was arranged that the inspections should be made by Nickel Plate men and their decision should be final. To illustrate: Several cars are turned over to the Nickel Plate by the Pennsylvania company. The inspector looks over the lot and finds one unfit for services. He marks it "shop" and it is cut out of the string, taken to the Pennsylvania company's shops and repaired. The same would occur were the cars being turned over to the Pennsylvania from the Nickel Plate except that the repairs would be made by the latter company. At the close of each month the Nickel Plate will render a bill for inspecting cars to the Pennsylvania company and settlement will be duly made. This system of inspecting cars will, no doubt, be extended until it takes in all the lines reaching this city. It is conceded to be the most expeditious and economical method yet devised and is successfully operated in many other railway centers.

ABOUT THE COMPOUND ENGINE.

J. S. Thurman, mechanical engineer of the Missouri Pacific railway, is of the opinion that the compound engine will become the standard American locomotive. Here is what he said upon this subject at the St. Louis Railway club, a few evenings ago: "I think the trouble that has been experienced with the compound engine and the reason it has not been adopted by more roads than at present is because the builders have been designing those engines and selling them to railroad companies. The railroad men take a certain amount of pride in what they have designed themselves, and they maintain that they can overcome the defects that are found in them. These matters take time, and we are not yet really prepared for the change from simple to compound locomotives. But my opinion is that the features embodied in the compound engine are essentially correct, and, with the slight modifications that may be found necessary I believe it will become the standard American locomotive."

At the same meeting and upon the same subject, Prof. J. B. Johnson, of Washington university, said: "With reference to the future of the compound locomotive, my opinion is the compound locomotive has come to stay. It is peculiarly adapted to American conditions. With heavy loads at moderate speed, it certainly does save from 15 to 20 per cent of the fuel cost, as now built and operated, and this is a considerable item. On light trains or on high speed service there is little saving of fuel, but where heavy passenger engines are to be hauled at the highest speed, or when the speed is limited by the steaming capacity of the boiler, there is a considerable reduction in the water to be evaporated, and hence less difficulty in maintaining the pressure. While the cylinder repairs are increased, or perhaps doubled, the boiler repairs are greatly reduced, thus reducing the total expense, because the boiler repairs are the main item."

MAY HAVE NEW TERMINALS.

The Toledo Bee says: "In view of the fact that the Wabash people are surveying a line between this city and Montpelier, and that the road is likely to open up a new Toledo Chicago line, there are many speculations as to the location of passenger terminals in this city. It is claimed that whenever the Wabash establishes a line that will be in direct competition with the Lake Shore, the contract by which the Wabash is permitted to use the Union depot will become null and void, and that the road must then seek other passenger terminals. It is believed that the Wabash will form a combination with the Ann Arbor, using the passenger station of that road at the corner of Cherry and Seneca streets. Should such an arrangement be brought about, that it is believed that eventually the Wheeling and Lake Erie will come into the terminal combination which would then include the Ann Arbor, Wabash, Flint and Pere Marquette, Detroit, Toledo and Milwaukee and the Wheeling and Lake Erie."

LAKE SHORE CHANGES.

The changes at the Lake Shore depot, mentioned over a week ago in The Sentinel, became effective this morning. P. C. Liggett assumed his new office in the Chicago depot of the company and Ora M. Rainey has been installed as ticket salesman at this point.

PERSONAL AND OTHERWISE.

Nickel Plate Conductor William Smart is taking a few days' rest.

Robert John is sick and W. Morris is taking a few days rest. Both are Nickel Plate engineers.

F. Tegeler has recovered from his recent illness and this morning resumed work in the Pittsburg copper shop.

Mrs. Stetler, wife of Louis Stetler, of the Pittsburg tank shop, has gone to Preble, Ind., to see her brother, who is lying very ill.

On account of the sickness of some of his children, H. Jacobs, an employe of the Pittsburg lumber yards, is kept from his work.

Foreman T. J. Redmanagh, of the paint department of the Pittsburg shops, is in Chicago today on business connected with his office.

David Murray, a blacksmith employed in the Wabash shops, has recovered from injuries received a few days ago and is working again.

J. C. Hession, J. J. Auth and W. P. Morris, Nickel Plate brakemen, have resumed work after a few days' absence. The latter had been sick.

Frank Davis, Nickel Plate fireman, is off duty on account of sickness. Frank Maloney, also a fireman on that road, is enjoying a brief vacation.

Fred Woehr, of the Pittsburg tank shop, was struck on the leg yesterday, injuring the limb so that he was obliged to quit work for a few days at least.

J. E. Allen, an extra conductor on the Nickel Plate, who was stationed at Bellevue, has been transferred to this city, and yesterday moved his family here.

Two surveying corps are now engaged in locating a line for a railroad between Akron and Ravenna in the interests of the Northern Ohio railroad, a Erie line.

Receivers Cowen and Murray, of the Baltimore and Ohio railroad, today petitioned the circuit court of the United States for permission to lease 3,150 additional box cars.

John Zimmerman and John Keese, boilermakers in the employ of the Wabash, went to Ashley this morning, to work temporarily in the company's shops at that point.

John Rapp and John P. Schmidt, of the Pittsburg blacksmith shop, are off duty today on account of the death of a relative. H. P. Jensen, of the same department, is sick.

Commencing today the messengers of the American Express company will also act as baggagemen on the trains of the Monon between Indianapolis and Chicago and between Louisville and Chicago.

John H. Crawford, the new general manager of the Lackawanna line, has decided to make Chicago his headquarters. Heretofore the headquarters of the general manager of that line has been at Buffalo.

George M. Bennett, aged seventy-two years, and the oldest engineer on the Baltimore and Ohio Southwestern, retired from that position last week, and, with his wife, has gone to Florida on an extended visit. He had been on the pay rolls of that road fifty years.

The Pennsylvania snow plow went out this morning to clear the tracks west of this city of several big snow drifts. This is the first time this winter that the snow plow has been called into service hereabouts. Last week it was engaged in a similar task west of Valparaiso.

A circular which bears the signatures of all the local freight agents, informs the shippers of Fort Wayne that after this date their respective freight warehouses will be closed at 5:30 standard time, and that no freight will be received there after that hour. Similar rules are in force in all the other cities.

A peculiar accident happened yesterday to Oscar Johnson, a Wabash fireman. When he jumped off the cab steps at Peru he slipped upon some ice and severely sprained the muscles of his neck. The injury was so painful that he had to give up his run and it will probably be several days before he will be able to resume work.

Bluffton News: "The Fort Wayne gas pumping station has stopped in line with another accident. Sunday Fred Reichard, the lines painter of the station, was standing on a scaffold about six feet from the ground, when he fell. In falling he struck so that two of his ribs were broken. Reichard is from Fort Wayne and has been boarding at Sparks's. He is a married man and was taken home this morning on the train."

Engineer M. McCarty, of the Nickel Plate, and a friend, were hunting in the neighborhood of Claypool yesterday, returning to the city on the local freight train last evening. As the Nimrods, with their hunting paraphernalia, alighted from the train they presented a formidable appearance. One of the train crew callers, who was on the scene, took an inventory of so much of the outfit as was in sight, and the following is the result: Two men, two guns, two revolvers, one hatchet, one butcher knife, six dogs, one pug, four ferrets and three rabbits. The latter were dead and so shopworn that hardly enough hair remained to indicate what particular family of the animal kingdom they belonged to.

AT THE TEMPLE.

"Under the Red Robe" Pleased a Large Crowd—"A Gay Coney Island" Tonight.

One of the largest audiences of the present season greeted the first presentation in this city of "Under the Red Robe," last evening at the Temple theater. The play itself is an evenly balanced, compactly constructed and powerful drama of the romantic school. The company is one of the best seen here this season, but Mr. Morris as Gil de Berault and Miss Hampton as Honee de Cochefort were superb. Their renditions were the height of dramatic art. Edwin Thanhouser, formerly of this city, was warmly greeted by many old friends when entrance and applause he merited by an excellent interpretation of the only comedy part in the drama. "Under the Red Robe" is altogether one of the most satisfactory things the Temple management has presented.

"AT GAY CONEY ISLAND."

Tonight Mathews and Bulger will be at the Temple in a return engagement of "At Gay Coney Island," one of the best and cleanest farce comedies on the road.

TO MAKE GUNPOWDER.

American Spirits are Being Exported in Large Quantities to Japan.

PEORIA, Ill., Feb. 1.—Within the past few days hundreds of gallons of spirits have been shipped from Peoria to Japan to be used in the manufacture of smokeless gun powder. The spirits play an important part in the process and local houses have found an excellent market for their goods.

Awarded Highest Honors—World's Fair.

Royal makes the food pure, wholesome and delicious.

ROYAL BAKING POWDER

ROYAL BAKING POWDER CO., NEW YORK.

FOR ONE YEAR

There Will Be Peace Among Glass Men.

Indiana Labor Commission Effects a Settlement at Kokomo, Elwood and Anderson.

ANDERSON, Ind., Feb. 1.—The Indiana labor commission has effected a settlement for one year among the thousand workmen in the Elwood and Kokomo plate glass plants and the Pittsburg glass company in this city agreements were entered into on wage and working regulations and articles drawn up covering a year. It will be filed in the county courts here and at Kokomo tomorrow and it will be regarded as a civil action, violation of which during the year by either workmen or the company will be considered and punished as a contempt of court. The Elwood plant resumed today with 600 men. Such an agreement as entered into is a new feature of up-to-date labor commission intervention.

IN CONTEMPT.

Alaskan Miners Refuse to Surrender Property to a Receiver.

SITKA, Alaska, Jan. 21, via SAN FRANCISCO, Feb. 1.—The Nowell Gold Mining company, next to the Treadwell, is with all its stamp mills and properties, the largest gold mining concern in Alaska. Owing to the alleged mismanagement the company went into the hands of a receiver. The employes of the Berners Bay Mining and Milling company, one of the company's properties, refused to surrender to the receiver. The court adjudged the employes in contempt, and the deputy United States marshal has gone to Berner's Bay to make a final demand for the surrender of the mine. The latest news from Berner's Bay is that the difficulty is in a fair way to peaceful adjudication. Boston, New York and San Francisco capital is interested in the Nowell Gold Mining company. The assets of the company, according to the receivers' account, are $3,311,020, and the liabilities $1,048,896.

LOST HIS MIND.

A Boston Boy Is Shipped as a Summer Delusion Demented.

ASTORIA, Ore., Feb. 1.—Amos Stone, the son of a Boston jeweler, living at 15 Main street, Charlestown, Mass., shipped on the American ship George Nielson, at Baltimore, as an ordinary seaman, and arrived here a few days ago. He was taken to the hospital in a partially demented condition. It is said that his mind became affected while he was on the United States training ship Enterprise.

The Discovery of the Day.

Aug. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. F. Campbell, merchant of Safford, Ark., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails, and is a sure cure for Consumption, Coughs and Colds. I cannot say enough for its merits." Dr. King's New Discovery for Consumption, Coughs and Colds is not an experiment. It has been tried for a quarter of a century, and today stands at the head. It never disappoints. Free trial bottles at Dreier Bros. drug store.

Robbed the Grave.

A startling incident of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated pain continually in back and sides, no appetite, gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying "Electric Bitters," and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cents per bottle at Dreier Bros. drug store.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns and all skin eruptions and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by Dreier & Bro.

TWO ROUTES.

Three Days to California via Wabash Line—"The Californian Limited"—"The Sunset Limited."

The "California Limited" runs via the Santa Fe route from Kansas City to Los Angeles, leaving Kansas City every Tuesday, Thursday and Sunday mornings after arrival of "Wabash Cannon Ball." The "Sunset Limited" runs via the Iron Mountain Route from St. Louis to San Francisco, via Los Angeles leaving St. Louis every Tuesday and Saturday evenings after arrival of "Wabash Cannon Ball." The "Wabash Cannon Ball" leaves Fort Wayne at 12:35 p. m. (noon) and runs through to Kansas City, via St. Louis, without change, reaching St. Louis at 10:15 p. m., and, Kansas City at 7:15 a. m. The train carries Palace Buffet Sleeping and Reclining Chair Cars to Kansas City. By the Wabash the quickest possible time is made, and passengers have but a single Union Depot change of cars either at St. Louis or Kansas City.

Through sleeping car reservations and general information cheerfully given on application to R. G. Thompson, Passenger and Ticket Agent Wabash R. R., Fort Wayne, Ind.

P. S.—Elegant descriptive advertising matter of these two great "Overland Flyers" furnished when desired. Both trains carry Dining Cars running through to the "Land of the Setting Sun."

SEIZES NERVOUS BANKRUPTCY

Statistics show that ninety-five per cent. of all persons engaged in business in the United States fail. Investigation shows that men who succeed are men of brains, strong nerves, great will power. Ordinary food and drink cannot supply the vital force which people with active brains and busy nerves require. Bicoln Pills feed the nerves, make the mind bright, muscles strong, MAKE PLUMP AND HEALTHY every organ, and give perfect manhood with all that perfect physical condition means. Bicoln Pills are a great tonic for women—they give health and strength to the special organs and nerve centers. The Tonsine of PHILADELPHIA make Bicoln Pills.

J. F. Becker (The Great Natural Healer), Washington, D. C., writes as follows: I was all run down, had no appetite, troubled with dyspepsia, pains in the head, was afraid of my future self. Got Bicoln Pills from my druggist and used a couple of boxes. Have gained over twenty pounds, can eat a good square meal and am up with all business men. Tonsine of Philadelphia. Dr. Jas. Hall, Fort Wayne, Ind., writes: Bicoln Pills are a good tonic. Tonsine of Philadelphia.

Fort Wayne Agents.

Miss Helen Melon entertained a number of her friends last evening, the occasion being her birthday. Music and games were among the features of the evening. The rooms were exquisitely decorated in carnations and ferns. A dining four course luncheon was served at a late hour. Music was furnished by Lauterbach's famous orchestra.

A dozen or more of the best checker players in Fort Wayne are taking part in a checker tournament in Cap. Collars' barber shop on Barr street. Each player contests five games with every other player and nobody is barred. It will take several weeks before the winner can be determined, the contestants up to date being rather evenly matched.

STARTS THAT WAY

But This Article is Not a Patent Medicine Ad.

A certain grocer of Evanston, Ill., had a curious experience lately, and one that he will not readily forget. Mr. F. H. Kies, of 614 Dempster street, was compelled to call in Dr. Dakin, a well known physician of Evanston; in order to find, if possible, why he was becoming, day by day, more dangerously ill, and there seemed to be no way to stop the progress of the trouble. He reached a point where it was a critical question whether he could recover or not, when Dr. Dakin advised him that the symptoms indicated that he was being slowly poisoned by the use of coffee. If a husbelaell had been exploded in Mr. Kies' front room it would not have created any more surprise and consternation.

Willing to do anything the doctor advised, in order to regain health, he agreed to leave off common coffee and take a cereal coffee. It seems that Mr. Kies had on his shelves the original Postum Cereal Coffee and four brands of imitations of Postum. At the doctor's suggestion, a sample of each were given to him, which were taken home for analysis.

After careful trial of each and thorough analysis, the doctor recommended Postum as the one cereal coffee that contained the elements of nutrition needed, and thereupon Mr. Kies at once left off the use of common coffee and took on Postum. His return to health was rapid, and it is needless to say the customers of that grocery store frequently hear a good word from the grocer or his clerks in regard to the famous Postum Food Coffee.

There are hundreds of cases, somewhat similar to this one, in which people have been running down in health for varying lengths of time and have been unable to determine the cause of the trouble. It is a trouble that does not seem to yield to medicines or to treatment of any kind. The tone remedy for a generally run down condition, is to abandon coffee drinking and take on Postum Cereal Food Coffee, which goes directly to work to rebuild broken down nerve tissues throughout the human body.

MUNICIPAL AFFAIRS.

Councilmen Visited Spy Run This Morning.

Mayor Is Never Home to Unfavorable Police Court—Ben Carey Again in Trouble—Lieutenant Lapp's Report.

The council committee of the whole, of which Councilman Bagg is chairman, this morning visited Spy Run for the purpose of viewing the suburb, which has petitioned to become a portion of the city. Once before a petition for the annexation of Spy Run was filed with the council, but a remonstrance contained the names of a big majority of the residents of the suburb and the council acted in favor of the remonstrants. This time a majority of residents have signed the petition for annexation, but a number of councilmen express themselves as opposed to the taking in of the territory. The committee of the whole will report to the next council meeting.

MARRIAGE CONTRACTS.

The board of public works will advertise for bids for the caring for the garbage during the coming year. The bids will be opened February 10th, but the contracts of the present garbage men do not expire until February 20th. There are four garbage wagons in use during the entire twelve months of the year and during the summer months two additional wagons are on duty.

POLICE COURT.

The police yesterday afternoon arrested Ben Carey, who is wanted at Bluffton for beating a hotel bill. Carey is the man who deserted his wife and was arrested on Main street some months ago, where he was living with a young woman. Marshal Crosbie, of Bluffton, came to the city on the 11:40 train today and this evening took Carey back with him.

Henry Schulte arrested for climbing on cars, was ordered out of the city by the mayor.

Charles Raley and John Colins, tramps, and Francis Wade, a train climber, were all sent over to jail.

August Hols was arrested for selling Burdock root oil without a license and was sent to jail.

MONTHLY REPORT.

Lieutenant Lapp has compiled the following report of the doings of the police for the month of January:

Drunking on cars in motion	4
Intoxication	7
Selling liquor without a license	2
Assault and battery	1
Petit larceny	1
Vagrancy	1
Carrying concealed weapons	1
Being a tramp	1
Contributing boys to criminal living	1
Runaway boys	2
Trespass	1
Criminal operation	1
Disturbing	1
Total	23

Tramps lodged in the station during the month of January, 275.

TWO STRIKES.

Contractor Stewart and the Wayne Club Have Trouble.

Yesterday afternoon the painters employed by Stewart & Co., court house contractors, went out on a strike. Mr. Stewart claims that he discharged one of the painters for spoiling a stone and the other painters demanded his reinstatement and when he refused to grant the request they walked out. Two of the men called on THE SENTINEL this morning and stated that they did not object to Mr. Stewart discharging the man or any other man, but they did object to his compelling them to pay for the accidental spoiling of a stone. They assert that they should be discharged, but not compelled to pay for the stone. Only one painer was at work today, but it is understood a couple of more will go back in the morning. The painers have no local organization.

CIGAR MAKERS' STRIKE.

Yesterday the management of the Fort Wayne club reduced the wages of the head cook. Mr. Marquis, from $75 to $50 a month, and the waiters from $22.50 to $18 a month. The cook and three waiters quit and this morning new men were in their places. Mr. Miller, the new manager of the club, made the reductions.

Rev. M. Jeffcott, of Toronto, Canada, is visiting his schoolmate, Mrs. P. J. Singleton, of 27 Baker street, whom he hasn't met for twenty-four years. He was ordained a priest fifteen years ago, in Tralee, Ireland, and since that time has been stationed at Toronto. During his tour he will visit all the principal cities in the state.

Gus Henry, the Lewis street shoemaker, has left his last and guns to San Francisco, Cal., from where he will leave for Klondike as soon as spring navigation opens. At Dawson City he will meet two other gentlemen who are owners of a good paying claim.

Mrs. Frank Johnson, of No. 18 Leith street, fell and sprained and fractured her right limb last evening. Dr. William N. Easley was called and reduced the fracture.

Horses Hair from Siberia.

Three hundred bales of horses' manes and tails, to be used for upholstering furniture, have been landed at Philadelphia by the British steamships Maine and Michigan from London. They come from far-away Siberia, and are taken from horses used by the Cossacks after the animals have outlived their usefulness. Horses are cheap in Russia, and after having seen better days their manes and tails are the only things left of a commercial value. Very often these minute appendages are taken from sound animals, and the hairs left to their fate. Here the manufacturers use the hair for stuffing their backs and other articles of furniture, and the material from Russia bridges the best price, because the hair is the longest, and consequently the best.

We do not like the TAX on account of tariff, but are selling all our elegant suitings and overcoats at old prices. G. Schmidt, tailor, 70 E. Main St.

BASE BALL.

Deacon Ellis Anxious to Secure the Fort Wayne Team.

The Fort Wayne Athletic club will offer a Bonus for the Base Ball Management—$50 a Game.

Deacon Ellis is very anxious to secure the Fort Wayne franchise for Grand Rapids and the following telegram was received from him last night:

"Wire lowest terms for your franchise and players. Answer immediately. GEO. R. ELLIS."

The following reply was sent to him:

"Afraid we can not sell. League objects."

Last evening a number of persons met with President Myer and he announced his determination to retire from the active management of the club. He has decided to turn the team over to Ed. O'Meara, who will arrive in the city within a few days.

Inasmuch as money is needed to push things along and pay the $500 guarantee, the Fort Wayne Athletic club has decided to give a benefit performance and have selected March 4 as the date. An effort is being made to have "Dummy" Kilun come here and meet Yates, Hardenbrook, the "Eastern Kid," or some other good man in a ten-round sparring match. Kilun has many friends here and if he can be secured it should prove a big drawing card.

BRAVED THE STORM.

Veteran Attend Comrade Sya's Services at Trinity M. E. Church.

Last night Trinity M. E. church was crowded with G. A. R. men, Sons of Veterans and the members of the Women's Relief corps and the many friends of them all. The services were conducted by Comrade Z. Nye and were specially appropriate to the occasion. The church had been beautifully decorated. The services took the form of a patriotic evangelistic sort. Comrade Spellman, eighty-four years of age, braved the storm to meet the "boys" and led them in a fervent prayer. The meeting throughout was most interesting and ended with an old fashioned love feast, with everybody happy and glad to be there. The pastor, Rev. Albertson, was very happy in his remarks, and Comrade Nye's part of the program was listened to with rapt attention. Mr. Nye and the people of Trinity church heartily thank all persons who assisted to make the occasion so successful and fruitful of good.

Arnold's Bromo-Celery. School headaches cured by this wonderful remedy. 10cts. Sold by Gross & Follens.

To Prevent Runaway Freight Cars.

To prevent railway cars running out on the main track after being placed on a switch a steel bar is set across the rail in a slanting position, with the inner end pivoted in a socket, and the outer end fitted with a loop to hold it in place.

MEYER BROTHERS DRUG CO. St. Louis, Mo.

FOR SALE BY ALL GROCERS.

Secret of the Brothers de Goncourt.

There are few persons interested in things literary who, being in Paris within the last ten or fifteen years, can have failed to hear of the garret of M. de Goncourt. M. de Goncourt himself would, perhaps, have preferred people to say the garret of "the brothers Goncourt," although, as is well known, the institution was originated and flourished only after the death of the younger brother. The "garret," specifically, was a charming room, half hall, half library, on the third floor of the little Louis XVI. hotel at Auteuil, which M. Edmond de Goncourt occupied during the whole latter part of his life; generally, it was the meeting together of kindred spirits, of disciples and admirers and friends of the old master; the germ of the academy which it was Edmond de Goncourt's dream to establish in opposition to the Academy of the Forty Immortals; and, the nursery, as it were, where talents were grown to ripeness for the honor of admission to that same especial academy.—Scribner's.

The Finest Pearls in Europe.

The Duchess of Cumberland is said to possess the finest pearls in Europe. They were part of the crown jewels of Hanover, and in 1851 they were valued at 1,150,000.
